## MISS STONE GOES BACK TO WORK

Will Try to Forget Tragic Episodes, She Says

## FREED. RETURNS TO JAIL

Chooses Prison For Night Instead of Hotel

NEW YORK—(Associated Press)—Olivia M. P. Stone, nurse, acquitted last night by a jury in Brooklyn supreme court of the murder of Ellis Guy Kinkadee, former corporation counsel of Cincinnati, said today that she would go back to her work and attempt to forget her "terrible experiences."

After she had received the congratulations of many friends and sympathizers upon her acquittal, Miss Stone was escorted back to the Raymond-st jail where she had spent many sleepless nights during her trial. She had expressed a desire to spend the night in an obscure hotel in Manhattan, but decided later that it would be better to return to the jail.

## 10 HOURS' DELIBERATION

This morning she said she had had a restful sleep and felt refreshed. "I intend," she added, "to join my friends and go back to my profession as soon as possible. In work I may forget."

The jury that acquitted Miss Stone deliberated ten hours. The announcement of the verdict brought cheers from several hundred persons crowded into the little court room. These spectators had waited for hours for the appearance of the jury.

When the foreman spoke, in clear tones, the words "not guilty," Miss Stone's face brightened into a smile and almost inaudibly she added: "Thank God, it's over."

## PLEA OF INSANITY

Miss Stone shot and killed Kinkadee in South Elliott Place, Brooklyn late in the afternoon of August 5, 1921. Tried on an indictment for first degree murder, her defense was temporary, transitory, emotional insanity, also termed "brain explosion," a mental condition, which, it was maintained, was predicated on acts of the slain man.

The nurse testified that the law, who was suffering from a nervous breakdown, induced her to become his common law wife, explaining his unwillingness to have a civil or religious ceremony with the statement that he "feared a woman of the underworld" in Cincinnati, with whom he had relations over a period of years. He later left her to marry this woman, she testified.

## WAR IS RESUMED

Prosecution of Owners of Untagged Dogs—One Fined

In an effort to evade the dog tax law, persons who are harboring dogs bearing no license still continue to transgress, officials say, and have refused to provide tags when ordered to do by county officials.

T. E. Fennessey, residing north of Lima, was arrested by J. J. Hoover, constable in the office of Ernest M. Bokins, justice of the peace, charged with refusal to provide a tag for his dog.

He pleaded guilty when arraigned at Bokins' court and was fined \$5 and costs, which he paid. Baxter announced that the time limit has now expired and that he will allow no person found harboring an unlicensed dog to go unprosecuted.

Deputies are now scouring the county and city to bring in offenders.

## 'OBEY' TO BE DROPPED FROM MARRIAGE CEREMONY

SAN FRANCISCO — Edward L. Parsons, a bishop, coadjutor of the San Francisco diocese of the Protestant Episcopal church and one of the members of the commission to revise the "book of common prayer," said today the reason it is proposed to omit the "obey" from the marriage ceremony is because it is antiquated.

"The promise to obey is antiquated and we have outgrown it," he said. "The proper basis in marriage is a mutual basis, and not a basis of authority by one over the other. The old idea of the husband ruling a wife is obsolete and should have no part in the marriage service."

## ACCUSED WIFE IS GIVEN AID

Mrs. Amelia Whann and Eugene Sanz (inset). Charged with conspiring to kill Mrs. Whann's husband, Dr. John Whann.

KITTANNING, Pa. — Dr. John Whann's wife, Amelia, is on trial here. The state charges she plotted with Eugene Sanz, Cuban, to kill Whann. Whann has heard the evidence. But "I have the fullest confidence in my wife," he says. "I'm certain she's always been faithful to me and I know she would never conspire to injure me in any way."

Sanz, who formerly lived at the Whann home, testified in court here that he loved Mrs. Whann and that his affection was returned.

Sanz is 20. Mrs. Whann is much older.

The Cuban declared he and Mrs. Whann laid plans to take Whann's life.

Mrs. Whann denies all this. The defense declares Sanz's testimony is intended only to blacken Mrs. Whann's reputation—that advances of Sanz to Mrs. Whann were repulsed and now he is seeking revenge.

Testimony of Philadelphia detectives has strengthened the defense case. They say when Sanz was arrested in Philadelphia he confessed he attacked Whann in self-defense and that no one else was implicated.

## AWAKES IN HOTEL INSTEAD OF JAIL

Cossack Chief Arrested at Gotham Freed on Bond

NEW YORK—(Associated Press)—General Gregorie Semenov, leader of Russian Cossacks, today awoke in one of this city's best hotels, instead of the Ludlow-st jail, where it seemed for several hours last evening he would be the city's guest. He was arrested at the instance of the receiver of an American company trading in Russia, who thus sought to enforce the payment of a judgment of \$475,000 entered against him in Harbin, Manchuria, last December.

Semenov, whose favorite title is "Ataman of the Cossacks," was permitted to go to the Waldorf, where he and his young wife had made reservations, and was there held under guard until nearly midnight. In the meantime, friends had been hurrying and telephoning all over the city and they at last secured \$25,000 bail demanded by Sheriff Nagle.

Madame Semenov offered the sheriff a necklace of pearls, said to be valued at \$50,000, as collateral, but the official refused to accept it.

When the Cossack chieftain landed in Vancouver recently he was served with papers in a suit brought by C. B. Richard and Company of this city who claimed he had wrongfully deprived them of furs, skins and hides valued at \$150,000.

Attorneys engaged by the general were expected to consider today the next steps to be taken in the case.

## SERMONS ARE TO BE FURNISHED BY RADIO

WHEELING, W. Va. — On account of the continued illness of Dr. G. E. Lockhart, pastor of Wheeling Baptist temple, a radioophone has been installed in the church and sermons will be received every Sunday morning from Pittsburgh. In the event of Dr. Lockhart's recovery, physicians say he will be un- to resume his work in the pulpit until after the summer vacation.

## LIEUT. BECK SHOT FROM BACK

Judge Day's Story is Disputed by Sheriff

## ARMY MEN DEFEND VICTIM

Reports Say Liquor Flowed Freely at Party

(BY H. E. CAYLOR) OKLAHOMA CITY, Okla.—(United Press)—"Hidden angles" in the slaying of Lieutenant-Colonel Paul Ward Beck were probed deeper by County Attorney Hughes today.

Hughes questioned that Judge Jean P. Day, millionaire politician, had told all the facts in the slaying of the Post aviation field commandant because Day alleged the "flying social lion" tried to violate the Day home in attempting Mrs. Day's honor.

The county attorney announced he will issue a statement analyzing the case today.

The announcement came after Sheriff Ben Dancy declared Beck had been shot from the back instead of accidentally from the front as Day claimed.

## OFFICER DEFENDED

High officers of Fort Sill and Post flying field, mobilized today to "establish the honor of a brother officer"—idol of the flying corps.

The army board of inquiry appointed to probe the death of Beck will fly in eight planes to the inquest here Saturday, it was announced.

Added to the evidence they will obtain at the probe and have secretly obtained already, will be results of an investigation into reports that liquor flowed at the pre-tragedy bridge and dancing party which will be turned over to them by M. F. Meadows, federal prohibition agent.

## TRAGEDIES WERE REVIVED

Stalked today as authorities delved deeper into the killing.

## BROTHER KILLED

Lieutenant-Colonel Beck's aged mother appeared as the most tragic figure in the case. She has not been told the details of her son's death, for fear it will prove fatal. She believes he died in a plane accident.

John Beck, a brother, was killed in a dispute over money matters with friends, several years ago, it was disclosed.

While friends of both Day and Beck rallied to their support today, club women and other influential in Oklahoma public life began a fight over the unwritten "code of Oklahoma" that holds justifiable the defense of the home's honor at the cost of life.

Mrs. W. H. Webster, leading club woman, analyzed the human emotions responsible for such tragedies as the Day affair is reported to be.

"Sex is stronger than religion and politics," she said. "The caveman is always present in man."

## WATERWAYS COMMISSION WILL MEET APRIL 21

COLUMBUS — The Ohio Waterways Commission has arranged a meet here April 21 to "disseminate general information regarding the needs and benefits of the St. Lawrence river improvement."

Former Governor W. L. Harding, Iowa will be the principal speaker. Congressman W. W. Chalmers and Charles P. Craig, executive director of the Great Lakes-St. Lawrence Tidewater Association, also will speak, it was announced.

"There is a growing interest in Ohio in the proposed improvements," W. E. Griffith, Toledo, chairman of the Ohio commission, said. "This is particularly true among shippers and agricultural interests."

"The making of seaports of all Great Lakes ports will go a long way toward relieving our present burden of high railroad transportation charges," he said.

## CITY JUDGES MEET AT COLUMBUS TOMORROW

COLUMBUS — To perfect a permanent organization, municipal court judges from a number of Ohio cities will hold a meeting here Saturday, it was announced today. The organization will be known as the Association of Municipal Judges of Ohio. Expediting of cases is to be the chief topic.

Judge Samuel Young, of Toledo, is temporary chairman. All Ohio municipal judges past and present are eligible to membership.

## CENTRAL FIGURE IN TRAGEDY

Mrs. Jean P. Day has substantiated the statement of her husband, Oklahoma City judge, politician and wealthy oil operator, that he killed Lieut. Col. Paul Ward Beck, army aviator, after Beck had made advances to Mrs. Day and had been spurned. Mrs. Day is an Oklahoma City and Washington society leader.

## SIGHT IS RESTORED AFTER TWO WEEKS OF BLINDNESS

DALLAS, Texas—Full restoration of sight after two weeks of blindness caused from a blood clot pressure on the brain, was enjoyed today by Miss Mildred Kull, athletic director of a local high school. Pressure on the nerve centers was released by a delicate operation.

Miss Kull was found March 27, lying unconscious on the floor of the school gymnasium. It developed she had drawn the swinging rings fifteen feet from the floor and after securing them had stopped to pick up a handkerchief when one of the rings fell and struck her head at the base of the brain.

## ACTION TO BREAK WILL FAILS

Court Upholds Instrument Executed by Henry Chamberlain

OTTAWA—(Special)—A jury in common pleas court here refused to set aside the will of the late Henry Chamberlain, in which 40 acres of land in Sugar Creek, Putnam-co., was bequeathed to the Methodist church, Rushmore.

The verdict supported action of probate and common pleas court of Lucas-co., which refused, in 1919, to declare Chamberlain an imbecile, to declare Chamberlain an imbecile, in which they contended undue influence was brought to bear in the execution of the will.

Chamberlain resided with the family of Alex. Dunlap, a nephew, in Marion, Pa., Allen-co. He was 93 years of age at the time of his death. He owned 101 acres of land in Jennings and Sugar Creek, Putnam-co. and had notes, bonds and certificates of deposit amounting to several thousand dollars.

## DAVIS WILL SUPPORT BACKERS OF HIS POLICIES

COLUMBUS — Governor Davis has made the organization act an issue in the Republican primary fight. Political leaders here declared today.

Davis has pledged his support to the candidate favoring the administration code.

The governor has not indicated which candidate he will back, but politicians took his statement to be directed at Congressman C. L. Knight and Harvey C. Smith, secretary of state. Carmel Thompson, R. C. Beetham and Arthur H. Day, other gubernatorial possibilities are regarded as in accord with the administrative reorganization.

Davis is carefully watching expressions of the various candidates on these points, his statement said, and a pledge of full adherence to his policies would be demanded for his endorsement.

## MISSING BOY FOUND

DELPHOS — Russell Leiber, 16, of Mandale, Paulding-co., who disappeared more than a week ago from his home, was found Thursday on the David Ebers farm, six miles east of here, where he had been staying since March 25. His treatment at home was given by the lad as his reason for running away.

## MOTHER OF 13 DIES

CELINA—Funeral services will be held Saturday for Mrs. Magdalena Schlenker, 73, whose death occurred here. She is survived by ten children. Her husband, John Schlenker, died 13 years ago. Three children also preceded her in death.

## Opening of Steel Plants Scheduled for Next Week Cancelled on Account of Mine Walkout—Pits in Non-Union Fields Rapidly Closing Down

## Operators and Workers Agreed on Spread of Suspension—Lewis Declares Bitterness Intensified by Owners' Statement Before Congress Body

YOUNGSTOWN—(Associated Press)—Further effect of the coal strike upon the steel industry was felt here today. The Republic Iron and Steel Company, which had announced that a Bessemer plant, idle for a year, would resume operations next week, has cancelled orders for its resumption, it was learned today, owing to the strike situation in the Fayette-co., Pennsylvania, coal-fields. Two of the three non-union mines of the company in that district are closed, it was said.

Postponement of the resumption of three steel corporation blast furnaces, scheduled for this week, in Youngstown, Farrell, Pa., and New Castle, Pa., had previously been ordered.

The Youngstown Sheet and Tube Company and the Brierley Hill Steel Company, two of the largest independent plants in this district, stated today that the strike is not affecting mill operations, the one large mine of the former company in Pennsylvania is closed.

## BIG GAINS FOR STRIKERS

PITTSBURGH—(Associated Press)—Union organization work is spreading in district five, United Mine Workers, operators and union leaders are agreed, the claims differ as to actual gains. In the Klondike region 62 non-union mines have been closed, according to P. T. Fagan, vice president of the district, and in this region and across the river in Washington-co., the total number of idle miners is 28,000.

Operators met this claim with a report that only 45 mines in the region were closed by the strike, some entirely and some working with decreased forces.

The union plans to invade more strongly the coke fields of Fayette-co., it was stated, where the H. C. Frick Coke Company, subsidiary of the United States Steel Corporation, has sixty plants.

The Berwind-White mines, in the upper end of Somerset-co., on the edge of the central Pennsylvania district, are badly crippled by the strike, it was learned last night. These mines have never been closed by a strike since their first development. The company was hit hardest in the Cairnbrook field, where 2,000 men are employed. The mines of the Maryland Coal Company, at Saint Michael have been completely tied up, it was reported from Johnstown. Union organizers are working thru mass meetings to enlist the non-union men of this section.

An official of the Carnegie Steel Company, the largest unit of the United States Steel Corporation, last night issued a denial of a statement by Philip Murray, of the United Mine Workers, that the steel corporation mills in the Pittsburgh district had but 72 hours' supply of coal on hand. He declared that "we have enough coal on hand to run our mills for a considerable period longer than 72 hours and much more in transit."

## SPREAD IN WEST VIRGINIA

CHARLESTON, W. Va.—(Associated Press)—State police, headed by Sergeant Hayes, yesterday prevented what seemed a threatened clash between mine strike sympathizers. The non-union men are employed at the Benwood mine of the Hitchman Coal and Coke company.

Arguments arose and were followed by hissing and angry words but the arrival of Sergeant Hayes and his detachment of police stopped the argument and the non-union men were enabled to go to their work.

The situation in the Wheeling-Moundsville region remains unchanged. Non-union mines in the Pan Handle region of northern West Virginia are still in operation with no organizing effort by the United Mine Workers.

Operators of the New River field farther south admitted that 33 mines had been closed by the strike, but that 34 remained in operation. This was met by union officials' claims that practically all the workings in the district are down. Slightly better than average loadings in the Williamson field were reported and at Kanawha the operators claimed that the 18 mines operated Wednesday continued working yesterday.

Operators of the Bluefield district brought forth reminders that an injunction against attempts to organize miners in the Pocahontas fields had been issued by the state supreme court when it was learned from Indianapolis that Lawrence Dyer, international board member for the union, was planning meet in that region.

## BITTERNESS INTENSIFIED

NEW YORK—Associated Press.—Statements defending bituminous coal operators in refusing to negotiate a central agreement with the miners' union, made by T. H. Watkins, a bituminous mine operator of Pennsylvania, before the house labor committee at Washington were attacked here today by J. J. Lewis, president of the United Mine Workers of America. Mr. Lewis said that the operators "served merely to intensify the confusion and bitterness now existing."

Mr. Watkins was quoted as having said that it would be "financial suicide" for operators to enter any agreement with the miners not based on conditions in each district; that "consumers have grown disgusted with the constant failure to get deliveries from unionized mines"; that Mr. Lewis' testimony before the house body had been "very misleading"; and that "in the anthracite field these labor lords have been guilty of an abuse of power in calling a strike when the mine owners were meeting every call for meeting and negotiations."

To these charges Mr. Lewis replied: "Statements of Mr. Watkins were characteristic and typical of a policy which he has followed for some time. He is engaged in a factional quarrel with the other operators of central Pennsylvania, the other faction being headed by Ben Clark. The loss of tonnage of which Mr. Watkins so bitterly complains, is largely due to a fierce competitive warfare with his competing rivals."

EARLY SETTLEMENT SEEN  
WASHINGTON—(United Press)—Public opinion will force a settlement of the coal strike as it is the facts about the coal industry now being placed before the house labor committee, Representative Bland, Indiana, Republican, who started the investigation thru his proposed resolution providing a federal commission of investigation, declared today to the United Press.

"Our purpose now is to get the facts before the public," Bland said, following the practical break-down of the committee's first effort for a solution of the refusal of the operators of the central competitive field to come to a conference here April 10.

"As the conference continues, I'm convinced further advances toward a settlement will be made," Bland said.

He cited the compromise made by Lewis, expression of his willingness to meet operators, representatives of a sufficient tonnage in the central fields, to form a basis for a new wage scale as a victory which had been won by bringing the leaders in the situation before the bar of public opinion.

# SIX PERSONS KILLED WHEN AERIAL EXPRESSES COLLIDE

## PLANES WRECKED IN CRASH

Meet Head-on in Midair Between London and Paris

## ALL HANDS ABOARD PERISH

Ships Run Together in Fog—Ruins Take Fire

PARIS—(Associated Press)—The Paris and London aerial expresses collided in mid-air this afternoon over the village of Thieulloy, 70 miles north of Paris. The pilots of both airplanes, three passengers and one mechanic, were killed in the wreckage that fell flaming to the ground.

The French airplane, piloted by Aviator Mire, aided by a mechanic, was carrying three passengers. It left LeBourdet, in the environs of Paris, at noon for London.

The British airplane, which left Croydon, in the London area, this morning, carried mail and was manned only by a pilot.

The passengers in the Paris airplane were:

M. Bouriez; M. and Mme. Julian Beud.

## COLLIDE IN FOG

The British machine, piloted by Aviator Duke, had only been in use three days on the express route. It belonged to a new company operating a Paris-London service.

The accident occurred during a fog, the pilots seeing each other too late to avoid a collision.

Five persons from the machines were dead when inhabitants of the village of Thieulloy arrived on the scene shortly after the crash, and the sixth victim was dying.

## AIR ROUTE POPULAR

The aerial express service between London and Paris was started in the spring of 1919, and has come to be regarded as one of the dependable means of transportation between the two capitals.

At first only patronized by travelers of an adventurous turn of mind who wanted to have the thrill of air travel, it has developed within the last two years, with the element of danger reduced to the minimum, into a steady daily route.

The trip is made in a little more than two hours and at least half of the passengers have been women.

Prominent officials have frequently availed themselves of the air route to attend hastily called conferences in either Paris or London.

During the peace conference Bonar Law of the British delegation made hurried trips back to London to attend to routine official business, often returning the same day.

King Albert and Queen Elizabeth of Belgium have also been passengers.

## LUXURIOUS AIR PULLMANS

These luxurious air Pullmans carry ten or twelve persons in large, comfortable chairs. Each seat has a separate port hole thru which the passenger can view the landscape.

The aerial fare has steadily decreased since large numbers of passengers have taken to this form of travel and round trip tickets cost about \$40.

Another and incidental development of the air service has been the amount of merchandise carried. Each plane has a certain carrying capacity for goods and Paris dressmakers frequently deliver gowns in this way.

Recently a load of prize pigs was brought from London to Paris by air express and many dogs also have made the trip.

Collisions between airplanes were not unusual in the war when stocks

of machines were moving swiftly in a comparatively circumscribed area. The meeting in mid-air of these two aerial expresses, however, is almost inconceivable, traversing the very same air channel out of the virtually innumerable ones available, constitutes one of the most remarkable happenings in the history of aviation.

Only once before today's collision has there been a fatal accident in this service. This occurred in December, 1920 more than a year after the service was inaugurated, when a big air liner just as it was leaving Crickwood, near London, fouled a tree and crashed to the ground in flames, killing the pilot, his mechanic and two passengers.

## THUNDERGUSTS; RAIN PREDICTED

Some hold that fishing is best just before a thunderstorm and rain, while others are equally persistent in the belief that they bite better just after rain.

Ted has tried both and hasn't stated who is right and who is wrong. Maybe both are wrong.

At any rate, if the prediction for the day is followed by an early, heavy rain, the fish will be fat.

Waltons, amateur and otherwise, will have ample opportunity to try it out for themselves.

The forecaster states that thunderstorms are due tonight and Saturday, with lower temperatures in both and west portions Saturday.

The sun's warm rays are agitating nature's growth and buds are coming fast. Late frosts are feared.

To the detriment of fruits and vegetables. The danger in that respect will not be over for several weeks.

## RELATIVES APPRAISED OF DEATH OF HELEN HANNON, IN SANTA FE, NEW MEXICO

Miss Helen Hannon, 25, daughter of Mr. and Mrs. James Hannon, 329 S. Elizabeth-st., died in Santa Fe, New Mexico, according to word received here.

Miss Hannon has been in the southwest five years. She is survived by her parents, five sisters and three brothers. They are: Esther and Grace Hannon, residing at the parental home; Thomas, of Lima; Mrs. Henry Van Pelt, 328 S. Collett-st.; Mrs. William Ledwidge, 733 S. Main-st.; Frank Hannon, Newcastle, Pa.; and Sister Helen, of St. Vincent's academy, Cincinnati.

Miss Hannon was born in New Castle. She was formerly employed in the office of the Lima Telephone and Telegraph company, and is a graduate of St. John's school.

The body will arrive in Lima Sunday. Funeral services will be held Tuesday morning at St. John's Catholic church. Interment will be at Getsemani.

## BICYCLE STOLEN FROM FORMER POLICE CHIEF

Virgil Roush, small son of ex-Chief of Police O. J. Roush, 944 Brice-av., would like to squeeze the neck of the chap who stole his prized bicycle from the Roush premises Thursday. His father reported the theft to police Friday.

## ADDITION TO CITY GARAGE

Construction work on an addition to the water department's garage at the Market house is to be started in a few days, Charles Evans, superintendent, announced Friday. All work, with exception of plumbing and heating will be performed by city labor.

## EXTEND TIME FOR FUND AID PLANS

Realtors Donate \$100—Others to Help Social Service

Owing to the fact that some organizations in Lima cannot arrange benefits for "Gloom Cheerful Week," but can do so later, permission was granted Friday by J. W. Beall, chairman of the social service committee, extending the time limit.

Several lodges reported it impossible to meet and perfect arrangements in so short a time.

Daughters of Rebekah notified the committee Friday they will hold a benefit card party to aid the bureau. The date has not been set.

Lima realtors, representing the real estate board donated \$100 Friday.

The Elks formally notified Beall they are planning some event for each day in the week. Details of the plans have not been worked out.

The annual Easter offering at Market-st Presbyterian church will be donated to the bureau, it is announced. It has been customary for the church to take up a special collection Easter Sunday and donate it to a worthy cause.

Mrs. Irene Mills Jackson will make a short talk before the congregation, explaining the needs of the bureau.

## SLUGGED, ROBBED

Ada Man Relieved of Money, Watch, Police Are Told

Harry Shilling, Ada, who was in the city on a business deal, reported to police he was knocked down and robbed Thursday night by a pair of thugs at Wayne and Jackson-sts.

He was relieved of a \$25 Elgin watch and \$5 in money, he said, after the footpads laid him out with punches to the jaw. It happened at 9:30 as he was walking from the home of an aunt to the Pennsylvania railroad station.

Shilling said.

His assailants overlooked his wife's watch and chain, which he carried in an inside coat pocket, he said.

## MERCURY MOUNTS TO 82; WARMEST DAY OF SEASON

Friday, warmest day of the year. Note that in your diary. Mercury traveled upward to 82, at 1 p. m., from a minimum of 56 at 4 a. m.

Forecast is thunderstorms for tonight and Saturday, with lower temperature.

Growing things are given an impetus by summertime temperature and the first straw hat has made its appearance.

## MAN FOUND DEAD IN HOTEL, PROBE STARTED

CINCINNATI — An investigation was ordered today into the death of a man found in his room at a hotel here last night. The man registered as S. M. Hill, Dayton, when he arrived last Tuesday. Three bottles which were found in the room among his effects were closely examined by Coroner D. C. Handley.

The coroner ordered a post-mortem on the body in an effort to learn if death was from natural causes. The man was about 50 years old.

# GAS FIELD IS HIT HARD BLOW

Transcript of Testimony in Re-hearing is Received Here

SUPPLY UNKNOWN QUANTITY

"Not Enough Gas to Pay to Lay Line" Says Operator

Official transcript of testimony offered by the city of Lima at the re-hearing of the gas controversy before the state utilities commission Tuesday was received in Lima Friday morning. The transcript shows in full the testimony of two Roundhead operators upon which the city based its plea for a rehearing. Among the high spots in this testimony were the assertions of witnesses that there is not enough gas there to pay anyone to lay a line to the field, that they do not know that the rock pressure in that field is sufficient to pay the cost of the line, and that the city officials of the Lima company as well as those of the Ohio Fuel Supply company and others have visited the field and passed up the supply and that no offer has ever been made the producers for the gas.

**PRESIDENT TESTIMONY.**  
James V. Hill, farmer and president of the Roundhead Oil & Gas company, said his company has around 6,000 and 7,000 acres under lease and other concerns have various lease holdings.

In reply to a question concerning the rock pressure in his field, Hill said he did not know what it is, that he hasn't paid much attention to it himself. He said Lima Gas company officials and those from the Ohio Fuel Supply company, as well as others, had inspected the field. He said none of the ever came back after inspecting the field. He said he believed that in time somebody would buy the supply if more gas is found.

Hill testified that the prime object of his company was to prospect for oil and that the gas supply was incident to this undertaking. He said he did not know much about the gas business and could not say whether the wells would warrant marketing of the supply to Lima and that he

did not know whether the supply would last for any length of time if it was turned into mains. The other new witness offered by the city was Albert Moore, R. R. No. 6, Kenton. He said he was familiar with the Roundhead field and owns leases on 600 or 800 acres of land there. He also is a farmer.

Moore testified that the field was opened up to prospect for oil. Asked if the coming in of gas wells was not a disappointment, he said, "Well, I think it is a disappointment." He said it has not been possible to sell the supply. He hit the Roundhead prospect a hard blow when he declared that there is not enough gas there to justify anyone to lay a line to it. He said he did not know how many wells are under contract to be drilled in the Roundhead field. Moore said it would be impossible to make any guarantee concerning volume and pressure to prospective buyers.

These men were the only new witnesses presented by the city. It was upon representations concerning what the two Roundhead operators would testify to that the utilities commission re-opened the case in which it allowed the Lima company a minimum rate of \$1 a thousand several weeks ago.

The city was allowed 10 days in which to file a brief at the conclusion of the re-hearing. The company then has a week in which to reply and the commission then will hand down its decision.

## IRELAND TO PAY BRAIN SUBSIDY

Will Help Students Turn Diplo-  
mas Into Pay Checks

MANY LEADERS ENCOURAGED

Envoy of Dail Eireann Tells of  
Country's Plans

(BY PROFESSOR TIMOTHY A.  
SMIDDY, M. A.,

Envoy Extraordinary of the Dail  
Eireann to the United States and  
Dean of the Faculty of Commerce,  
University College, Cork.

WASHINGTON—The new Irish  
government is considering establish-  
ment of government subsidies to  
enable college graduates to transform  
their diplomas into salary checks.

In this way Ire-  
land hopes to keep  
her best trained  
brains in Ireland to  
work for Ireland.

We are faced with  
the prospect of  
highly trained grad-  
uates of Irish col-  
leges being unable  
to work where they  
are best suited. Ire-  
land cannot afford  
to let these young  
men and women go  
abroad because of  
lack of opportunity  
at home. Nor can  
Ireland suffer the human  
waste which would  
result from these citi-  
zens engaging in oc-  
cupations which  
do not give them an opportunity  
to use their combined talent and spe-  
cialized training.

There are two groups of college  
graduates which will be benefited  
by government-created opportunities.  
One group is the ever increasing  
number of students who have done  
special university work in economic,  
business organization and the prob-  
lems of industry and finance. The  
other is composed of our graduate  
chemists, physicists and engineers.  
The industries which the govern-  
ment probably will encourage to  
meet the demand of the college stu-  
dent will be meat packing, the vari-  
ous branches of agriculture, the tex-  
tile and chemical trades and applied  
art—particularly ecclesiastical art.  
It has been decided that the indus-  
tries to absorb these students should  
be those in which the value of the  
raw material bears small relation to  
the value of the finished product,  
they must be industries which re-  
quire a high specific knowledge.

Without a commercial demand for  
applied scientific knowledge there is  
small chance for us to develop pure  
scientists.

Before I have completed my term  
of office as envoy to the United  
States, I am confident that channels  
will have been established for the ex-  
change of students and professors  
between the universities of Ireland  
and the United States.

Under the Dail Eireann there has  
been a thorough re-statement of ed-  
ucational aims in all branches of Irish  
education.

The dominant note in Ireland will  
remain the classical ideal, but voca-  
tional training in the secondary  
schools and specialized technical de-  
partments of the universities is mak-  
ing rapid progress.

One of the most important develop-  
ments is the throwing aside of the  
deadening system of national stand-  
ardization which had been paralyz-  
ing secondary education.

## COLLEGE CHIEF GREAT MILKMAN

CANTON, China—Dr. Charles K. Edmunds, president of the Canton Christian College, is milkman to 400,000,000 people!

He's trying to teach the whole Chinese nation to drink milk and eat milk products. That's a new thing for China. Dairy cattle are unknown here. A Chinese baby, when weaned, goes on a rice diet. If it's mother dies, the milk of the sow, mare or goat sustain it.

Edmunds has established a dairy at the college here. The provincial government is paying a subsidy to aid the spread of the industry.

Edmunds is on his way back from America now with some choice Holstein cattle.

## CHILDREN AS TIE THAT BINDS

They Prevent Many Divorce Suits, Officials State

### QUARTETTE OF CASES FILED

Neglect is the Burden of Charges Made

Are children the means of keeping husband and wife together and a preventative of divorce, long after love between the couple has flown? County officials believe they are. In a quartette of divorce actions, which have been filed in common pleas court, there were no children born to any of the couples—no ad-

ded tie to bind them together. **NEGLECT IS CHARGED** Mrs. O. Ben Schultz, who, up to the time of leaving Lima last December, took an active part in society, is defendant in a divorce suit. Her husband charges neglect of her wifely duties and says that during the past four years she has remained away from him two or three months at a time. Altho requested to do so, he says she will not now return. Mrs. Schultz is residing in Pittsburgh. They were married in Dun- kirk, N. Y., in June, 1914.

William H. Long, in a suit for divorce from Milane B. Long, charges his wife spent her time with her mother and lavished affections on a child by a former marriage. He charges neglect of wifely duties. The couple divided their personal property last December and Mrs. Long gave him a receipt for the household goods. He gave her an additional \$500, he says. He asks her dower in his property be barred. They were married in Wapakoneta on May 10, 1907. She is now said to be in Mercer co.

Pena Bingham, a bride of June, 1917, is asking a divorce from Dun W. Bingham, 1923 N. Jefferson-st. and the restoration of her maiden name of Frisinger. She charges

neglect and says she was forced to provide for her own support. **SUPPORTED HERSELF** Mrs. Mary L. Avery, in an action for divorce against William S. Avery, charges he neglected her and she was compelled to work to provide her own sustenance. They were married in Kenton in April, 1911. She asks restoration of her maiden name of Pratt.

Lemuel E. Parker, former patrolman, says a nagging wife was too much for him, in answer to his wife's divorce petition. He is seeking the decree.

Parker says his wife visited picture shows and amusements, instead of caring for her home, and she and a daughter by a former marriage ate at a restaurant. Parker operated at Main-st and Grand av. He declares she owns \$5,000 worth of property. Parker has since abandoned the restaurant.

**EMERGENCY OPERATION** Mrs. Ferd Bailey, 28, of Clay-st, east of here, was removed to City hospital here, for an emergency operation in an attack of appendicitis. The patient is recovering, it is announced from the hospital.

## GOLF "FIEND" IS GETTING BUSY

Another infallible indication of the love of the open running rampant in the heart of man is the call to the golf links.

Devotees of the sport, in limited numbers, have already given time to plodding over the green of the golf course, and as spring advances into summer, the number of the clan will increase.

Shawnee club is the magnet that is beginning to draw large numbers of Lima men, irresistibly.

## Guaranteed Stomach Remedy Makes Big Hit In Lima

Dr. Orth's Stomach Remedy Now Being Sold by All Druggists on the Square Deal Money Back Plan.

Go to your druggist, says Dr. Orth, if you are a sufferer from stomach trouble, and get a handy form package of Dr. Orth's Stomach Remedy—remember the name. Take it according to directions, and if, after taking, you can truthfully say it has done you no good, I don't want your money. Simply take the empty box back to your druggist and get your money back.

So, if you suffer from Indigestion, Dyspepsia, Acidity, Sour Stomach, Gas, Heartburn, Bloating, coated tongue, or pains in stomach and side, go to your druggist at once and get a box of Dr. Orth's Stomach Remedy, and when you start to take it, realize that you are taking the prescription of a physician who practiced medicine in the State of Pennsylvania and Ohio for sixty years, and that in those years he successfully treated thousands of cases exactly like yours.

Now, if you really want a good, healthy, "never bothers me" kind of a stomach; one that you can always depend upon to digest your food, get a box right away and remember that it is most rigidly guaranteed.

Special note to out-of-town sufferers—75 cents mailed to the Dr. Orth Laboratories, East Liverpool, Ohio, will bring a box by Parcel Post, and guaranteed. You can get it at Thompson's 3 Drug Stores, Hunter's 3 Drug Stores, Adv.

# PLANES TO LAND ON MAIL DEPOT

Provision Made on Roof of World's Largest Station

BEING BUILT AT CHICAGO

Will be Equipped With Latest Automatic Conveyors

CHICAGO — (Associated Press) — The largest and most modern mail station in the world will be opened in Chicago this summer, barring accidents of unforeseen delays. The building, 76 by 800 feet and seven stories high, counting a basement ground level into which mail cars will run direct from the railroad yards, marks a departure from the usual postoffice practice of building along conventional lines or ornamental architecture. It has been designed as a modern daylight industrial building, and when completed will contain the largest word in automatic conveyors and other time and labor saving devices. Provision has been made for the future growth of the airplane mail service by providing a clear roof space more than 600 feet long, where small planes can land with mail transferred from the larger transcontinental flyers at Checkerboard Field, Maywood. The station is located in the yards of the union station and a short distance from Chicago and Northwestern station. Mail in carload lots will be handled direct to the lines entering these two stations and can be switched to other stations. The basement level is on the same grade as the union station tracks, and is equipped with spurs for handling the mail cars. On the other side of the building, at the ground level, motor trucks with parcel post and other mail from the city will enter the building on a forty-foot driveway and discharge their contents direct into automatic conveyors, which will lift the mail to the top floor and start it over a downward path of conveyors, chutes and sorting belts, until it emerges, sorted, sacked and labeled, at the mail car level.

## VAGRANCY LAWS RESENTED BY MIGRATORY WORKERS

COLUMBUS — The appellation "hobo" and vagrancy laws in vogue throughout the country are principal topics of discussion at the national convention of the Migratory Workers' Union, in session here. "We detest the appellation 'hobo' and we resent prevailing vagrancy laws and the entire union membership is behind a propaganda campaign to correct these defects," John Kelly of Chicago, national secretary, declared today. Many delegates to the convention failed to arrive yesterday for the opening session, the reason being explained by one delegate as follows: "We don't vote expenses to a delegate. We choose him and let him get to the convention the best way he can. Usually he chooses the side-door Pullman or blind baggage. Either way, he is liable to be detained before he reaches his destination."

# ULSTER INVADED BY REBELS

Reinforcements Rushed from Belfast to Meet Republicans

OPPOSING FACTIONS CLASH

Property Also Seized in Outbreaks at Dublin

ENNISKILLEN, Fermanagh, Ireland. (United Press).—An Irish republican army, massing along the Leitrim border, has invaded Ulster territory.

Rebel forces have penetrated the first Ulster line of defense. In a skirmish between preliminary to a general engagement near here last night, a republican patrol ambushed scouts of the Ulster constabulary, killing one and wounding three.

Southern outposts have been thrown into Ulster constabulary, killing one and wounding three. Southern outposts have been thrown into Ulster territory within a few hundred yards of a constabulary headquarters near Belcoo. The republican extremists are heavily armed with machine guns and it is feared that the first shot may be the signal for outbreaks of border warfare all along the Fermanagh-Cavan line.

**PROPERTY SEIZED**  
DUBLIN. (United Press).—Rebels' demonstrations by De Valeraites in Dublin today caused the free state government to rush troops to occupy the telephone exchange, which insurgents had planned to seize.

Two hundred rebels attacked the customs house and destroyed 5,000,000 worth of liquors and wines from

Belfast, declaring they were enforcing a boycott against Belfast.

Renewed threats of a republican coup d'etat reached the provisional government early today.

Many De Valeraites were seen in the streets, but were unarmed and were kept scattered by free state police. The rebels drifted in on trucks and trains from the provinces. Many of them have been identified as former republican army troops who fought guerrilla warfare against the British.

The raid on the customs house, where a few guards were powerless to prevent the wholesale destruction that followed, was sensational. A large force of insurgents broke into the huge buildings, where thousands of casks and cases containing wines and whiskey were stored. With axes and hammers the raiding party smashed everything in sight.

## RESURFACING HIT IN PETITION

Property Owners Ask Removal of Stone, Tar Covering

MUD, DUST, HILLS, HOLLOW

Plan of Improvement of Brick Paving Held Failure

Real estate owners and occupants of frontage along N. Main-st., from the Pennsylvania tracks to Wayne-st., have petitioned the city to remove the bituminous surfacing applied to brick paving over their property by the service department a year ago.

The petition filed with Manager Clarence A. Bingham, Friday, has been turned over to Vaughn C. Miller, city engineer.

Resurfacing of the street, undertaken by the street department last year, is characterized as a makeshift job. The surface of the street at present is described as deplorable.

CONDITIONS INTOLERABLE

Furthermore owners and tenants complain that they are alternately subjected to intolerable conditions of mud and dust.

Resurfacing old brick streets with a mixture of stone and tar, applied under pressure, was a plan adopted by Elmer McClain, former service director, to make smooth old worn-out streets.

Cost of the improvement, it is said, was paid out of street repair funds accruing from auto license money.

The resurfacing was applied on several old brick pavements. Much of it did not stick, leaving the streets full of hills and hollows.

Some improvement was effected when the coating was new, but traffic soon made conditions worse than before. About \$31,000 was available for street repair during 1931. A goodly portion of it was spent on work similar to that on N. Main-st.

No record of the exact amount spent is available at the city auditor's office.

REMOVAL IS SOUGHT

The petition sent Manager Bingham reads:

"Dear Sir: Last year the city street department, against wishes of owners and occupants in Main-st. from the Pennsylvania railway to Wayne-st., applied a makeshift resurfacing job over the brick pavement.

"Aside from the deplorable surface at this time, we are alternately

subjected to intolerable conditions of mud and dust. Will you please investigate and arrange it possible to have the 'junk' torn out?

"The street with its original surface would be more preferable than present conditions."

The petition is signed by the Ohio Dairy Company, Altschul Brothers, Armstrong & Son, Auto Parts Co., T. J. Purcell, The Glenmore Co. and The Maus Piano Co.

INJURED TRAINMAN IS HOME FROM HOSPITAL

Lee McElldery, brakeman on the D. T. & I. Railroad, who ten days ago suffered severe injuries to his head when he struck a post while on his run, was able to be removed to his home, 1130 E. North-st., from the Springfield hospital, Friday.

McElldery was reaching out for orders as his train was moving at a rapid rate. His head struck a post and it required a number of stitches to close the wound, which extended from the forehead to the crown of the head.

Mrs. McElldery had been at his bedside since the accident. That trouble never comes singly was illustrated in the case of the McEllderys. The accident happened when one of their children was seriously ill from chicken-pox.

### HANDS FEEL AS BIG AS HAMS IN WHITE GLOVES, TRAFFIC COP ASSERTS

Bill Houtz, erstwhile city patrolman, now traffic guardian at Main and High-sts., a position he has held for more than a week, got a "big hand" Thursday night, but "twasnt" the kind one gets for singing in opera or making a speech.

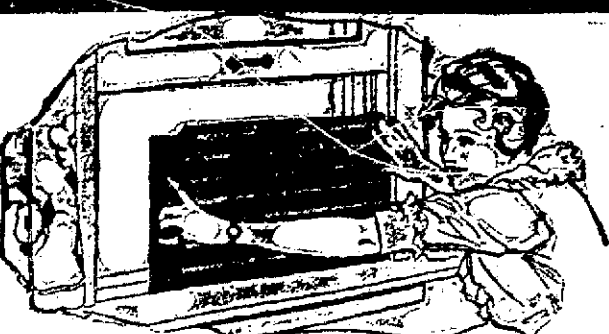

He was presented with a brand

new pair of white kid gloves by Chief of Police Lanker, to enable drivers to spot his signals better.

"My hands feel as conspicuous as spotlights and big as hams," Bill said, "but those finger mits certainly have the right kind of effect."

Houtz is the only "kid glove" policeman on the force, but that isn't going to make him soft toward traffic violators, he asserts.

"They either obey my signals, or to court they go," Bill says.

## RED STAR

Detroit Vapor Oil Stove

THE PIONEER OF OIL STOVES—THE RED STAR DETROIT VAPOR Here are 20 points and features of the Detroit Vapor which you should consider carefully before deciding on any other stove.

- 1 It has been made continuously since 1897—25 years and some of the original stoves are still in use.
- 2 It has an 8 1/2 pound all CAST IRON burner which will last practically a lifetime.
- 3 There are no parts to replace; first cost only cost.
- 4 It burns Coal Oil or Gasoline, either singly or mixed.
- 5 It will burn 19 hours on one gallon of oil, one burner.
- 6 Each burner produces a double ring fire and produces enough heat for any kind of cooking.
- 7 It has a gravity feed, no pressure to force oil to burner and it can be filled while stove is burning.
- 8 Requires only one lighting—prime it, light it and turn on the oil and put the cooking on at once—no waiting.
- 9 The primer and valve has been improved and the stove generally improved with white enamel panels, making them look like a handsome Gas Range.
- 10 It can be had in all sizes to meet all requirements, 2, 3, 4, 5 and 6 burners with two genuine Ranges in the line.
- 11 It is not merely a summer stove or a temporary one, but an all year round stove, the only upkeep is the oil you buy for it.
- 12 It has a German silver needlepoint valve which gives you positive control of the fire to the very last drop of oil.
- 13 The burners become a cherry red, throwing out a most intense heat, which only an ALL CAST IRON burner will stand and it will heat water warm enough for some purposes when the oil is turned off.
- 14 Requires no priming when the burner is warm; simply turn on the oil and light it.
- 15 It is an oil stove that is sold from coast to coast and from gulf to the lakes by the biggest and best dealers, who fully guarantee them.
- 16 It is easy to clean and easily kept clean. It has an enameled drip pan under burners and drain plug to clean out supply pipe.
- 17 It has no wicks or asbestos rings of any kind; nothing to burn out.
- 18 Requires no watching; if the oil burns out, the fire will go out and there will be no damage or nothing to replace.
- 19 It is a marvelous advancement for homes without gas. It generates its own gas from cheap kerosene or gasoline; never disappoints.
- 20 The prices have been reduced and are the lowest when you take in consideration the long life of the stove and the service it renders.

### 25 PLAYGROUNDS GIVEN FRANCE

Bought With Pennies Saved by American Children

MANY GAMES ALSO DONATED

Recreation Directed by Experts From United States

PARIS — (Associated Press) — American children have brought happiness and laughter into the lives of their little brothers and sisters in France. The pennies and dimes which they might have spent for candy and sweetmeats have enabled the Junior Red Cross to give to the children of France, in their name, 25 playgrounds and innumerable games.

All the games and recreations which form so much a part of the lives of their little kinsfolk in America are taught the French boys and girls.

As proof of their appreciation of the generosity of America's help, the French themselves have now raised a fund almost equal to that contributed by the children of the United States and are planning to establish a playground of the American type in every important district of France.

#### YANKS IN CONTROL

Several of the playgrounds established by the Americans are in Paris and are directed by recreation experts from the United States. The average French child, especially the abnormal child born during or immediately after the war, is not inclined to play with that robust energy and that spirit of teamwork necessary to its mental, physical and moral development. Moreover, games like baseball and basketball are not common in France as in America. They must be taught.

One of the principal tasks of the American instructors is to teach the French child a spirit of fair play and unselfishness. The French child is an individualist, playing alone and guarding jealously its own toy. He does not fraternize or make friends among the children of the neighborhood. As a result he becomes selfish and one-sided. The Americans are trying to show the French children the happiness that comes from community play and team work. They are introducing group games to overcome this selfishness and to inculcate qualities of fairness, good nature and gallantry.

### Best Cough Mixture Is Home Made

Acts With Speed—Loosens the Phlegm—Stops the Irritation and Coughing Ceases

Fine for Chest Colds Too and Is Cheaply Made at Home.

When you can make, in two minutes, a world beating remedy that acts directly on the membrane and often over-night causes stubborn coughs and even hard chest colds to disappear why file with things that will probably disappoint.

Hawking and snuffling and also soreness of the mucous membrane go and you will feel fine in almost no time.

Just set one ounce of Parment (double strength) add to it a little sugar and enough hot water to make a half pint and you've got an inexpensive remedy better than you can buy ready made.

Its soothing, healing action on the membrane is the reason so many people use it for Catarrh and acute nasal colds—Adv.

### GALLI-CURCI LEADS HUNT FOR GIRL BANDITS

LOS ANGELES—Madame Amelita Galli-Curci, celebrated prima donna of the Metropolitan company, today led the hunt for the girl bandits who stole her jewels, valued at \$100,000 from a roadhouse at San Juan Capistrano. Police throughout southern California were participating in the "girl hunt."

Galli-Curci was receiving frequent reports.

The girls were described as young and pretty. One was a pronounced blonde with bobbed hair. They were fashionably attired and rode in a very fast car which some witnesses declared had a liveried chauffeur.

Galli-Curci with her husband, Homer Samuels, was motoring from Los Angeles to San Diego and stopped at San Juan Capistrano—the half-way park—for lunch. Galli-Curci was in the wash room when, while one of the girls talked to her, the other snatched her jewel box from a table. Both ran out and jumped into their car which sped away.

### GREAT DRUG PLOT MAY BE UNEARTHED TODAY

NEW YORK — Hoards of contraband opium, valued at \$2,400,000 involved in probably the biggest drug smuggling conspiracy ever hatched in the United States, were expected to be unearthed today by federal authorities, following raids in which arrests of suspected dope sellers were made.

According to city police of the narcotic squad who aided federal agents in the raid, men already in custody are suspected of being members of a firm which imported 4,000 pounds of gum opium valued at \$600 a pound.

Arrest of the alleged drug sellers was made after weeks of vigilance by detectives under guidance of William H. Williams, chief special agent of the United States treasury and Dr. Arleton Simons, head of the New York City police narcotic squad.

### CITY COAL COST MAY INCREASE

#### Supplies Under New Contract Probably Higher, Due to Strike

Lima may pay higher prices for coal after a new contract is signed, than was paid under the terms of a contract with the Lorain Coal & Dock Co., which expired April 1.

On the other hand, he anticipates that if an early settlement of the coal strike is made and miners return to work, the city may be able to contract coal for the last half year at figures, under \$2 a ton at the mines.

There is sufficient coal on hand to keep the city pumping station and the power plant at the water works going until August. Four cars a day in excess of needs were delivered for several weeks prior to expiration of the contract.

But after August, the price the city will have to pay hinges on the outcome of the nation-wide walk-out of miners. It might be double April 1 prices, coal men say.

Under the three months agreement between the city and Lorain Coal & Dock Co., fuel was sold to the city for \$2 a ton at the mine mouth, plus \$2.66 freight, making a total price of \$4.66.

In making the contract in January, Manager Bingham states that he took the anticipated strike into consideration.

He was advised, he said, that should the strike be of short duration, or a settlement before the men walked out, considerable saving could be effected under a new contract.

Bids will not be received for furnishing the city with coal for some months, he said. Not until the supply at the pumping station nears depletion.

Inquiries for the purpose of keeping in touch with the market are being sent out to fuel jobbers, by H. N. Osgood, city purchasing agent.

The trend of replies to date, it is said, indicate that coal is slowly advancing in price.

Fortunately settlement of the strike is predicted within a few weeks.

### KIDNEY—BLADDER Troubles HAVE TO GO

Clogged up Kidney Deposits are Dissolved and Toxins (Poisons) Completely Driven Out. Druggists Authorized to guarantee this Doctor's prescription in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do, don't neglect them."

Dr. Carey's famous prescription No. 777 known as Marsh-Root is not recommended for everything but we cannot too strongly urge its use if you suffer from annoying kidney and bladder troubles, frequent passing of water night and day, with stinging or irritation, brick dust sediment or highly colored urine, bloating, irritability with loss of flesh, backache, headache, rheumatism or any other tendency to Bright's Disease, Diabetes or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until tomorrow to begin the use of this wonderful prescription if you have any of the above symptoms. Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to these diseases; don't lose a single day for Funtley's 2 Drug Stores, Thompson's 3 Drug Stores and every good druggist has been authorized to return the purchase money on the first bottle (tablets or liquid) to all who state they have received no benefit. Remember the name, Dr. Carey's Marsh-Root. Prescription No. 777. No other medicine can take its place—Adv.

OLDEST UNDERTAKER DIES

WOOSTER, Ohio — Abram Tidball, aged 94, believed to be the oldest undertaker in the United States, died today at his home in Shreve. He was a Civil War veteran.

KIDNEY—BLADDER Troubles HAVE TO GO

Clogged up Kidney Deposits are Dissolved and Toxins (Poisons) Completely Driven Out. Druggists Authorized to guarantee this Doctor's prescription in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do, don't neglect them."

Dr. Carey's famous prescription No. 777 known as Marsh-Root is not recommended for everything but we cannot too strongly urge its use if you suffer from annoying kidney and bladder troubles, frequent passing of water night and day, with stinging or irritation, brick dust sediment or highly colored urine, bloating, irritability with loss of flesh, backache, headache, rheumatism or any other tendency to Bright's Disease, Diabetes or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until tomorrow to begin the use of this wonderful prescription if you have any of the above symptoms. Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to these diseases; don't lose a single day for Funtley's 2 Drug Stores, Thompson's 3 Drug Stores and every good druggist has been authorized to return the purchase money on the first bottle (tablets or liquid) to all who state they have received no benefit. Remember the name, Dr. Carey's Marsh-Root. Prescription No. 777. No other medicine can take its place—Adv.

several weeks prior to expiration of the contract.

But after August, the price the city will have to pay hinges on the outcome of the nation-wide walk-out of miners. It might be double April 1 prices, coal men say.

Under the three months agreement between the city and Lorain Coal & Dock Co., fuel was sold to the city for \$2 a ton at the mine mouth, plus \$2.66 freight, making a total price of \$4.66.

In making the contract in January, Manager Bingham states that he took the anticipated strike into consideration.

he took the anticipated strike into consideration.

He was advised, he said, that should the strike be of short duration, or a settlement before the men walked out, considerable saving could be effected under a new contract.

Bids will not be received for furnishing the city with coal for some months, he said. Not until the supply at the pumping station nears depletion.

Inquiries for the purpose of keeping in touch with the market are being sent out to fuel jobbers, by H. N. Osgood, city purchasing agent.

The trend of replies to date, it is said, indicate that coal is slowly advancing in price.

Fortunately settlement of the strike is predicted within a few weeks.

# TRAFFIC CENSUS IN OHIO URGED

Declared Necessary in Preparation of Road Improvement

WOULD OBTAIN CAR MILEAGE

Aldorf Points Out Need of Research Work

COLUMBUS — (Associated Press) — Asserting that Ohio is spending \$12 a year on motor vehicles to \$1 on roads, the sums approximating respectively \$300,000,000 and \$25,000,000, and that there is here a relationship of investment that needs to be economically correlated, W. A. Aldorf, executive secretary of the Ohio Good Roads Federation, declared today that hundreds of thousands of dollars could be saved the taxpayers of the state if experiments and research relative to road construction and maintenance were carried on systematically. Research work was undertaken some time ago by the Federation, he said, which now is considering plans for an extension of the service. "Research," Mr. Aldorf explained, "should include the mechanical and ultimate analysis of the soil, determining of bearing power and volume changes, as well as investigation of transmission of impact and pressure upon subgrades. The design of a road should be related to the supporting power of the soil. The choice of the type of road depends greatly upon the collection of complete data. Something more is needed than the total cost of maintenance. We should know the cost of the surface itself and its replacement is necessary. We should know why. ROAD DESIGNING "In the matter of road design, attention should be given to the elimination of side ditches, excessive grades, and to the character of construction. A study of maintenance should include an investigation as to methods of maintenance, cost of maintenance and the length of life of improvements in relation to the nature of the traffic the roads are compelled to bear. A traffic census should be taken in order that a correct report of car mileage and tonnage mileage might be obtained." Mr. Aldorf asserted that research into the methods of cost accounting in this state would reveal an "astounding lack of fundamental principles of cost." A more thorough understanding of highway finance is necessary, he asserted. Special study, he declared, should be given to taxation, including assessments and bonds. "All over the country," he said, "interest in good roads is growing, and with it comes a demand for a thorough study of all phases of construction and maintenance in order that the best economic returns may be obtained."

## They Take the Palm

The ancients awarded a palm as a fitting tribute for a good deed or a great accomplishment. So Palm Sunday reminds us that if palms were given to-day as a recognition of merit, P&Q Clothes would surely get a few.

Where will you see better styles?  
where will you see more worthy fabrics?  
where can you compare the values that we show?

We ask these questions because we know from our many years of experience as manufacturers and retailers that P&Q Clothes have no equal for intrinsic value.

If you are ready for your Suit for Palm Sunday or Easter Sunday, come in—we are ready with a selection of styles and models for men and young men, that will need no salesmanship to convince you that they are the greatest values in America.

## OPEN LETTERS

To Chief Lanker

MY DEAR TOM: I understand that you are in quandary over the selection of applicants from the civil service list for positions as patrolmen. I am told, too, that you favor young men, so that they will not be ready to retire about the time they become useful.

That is an alright idea, but the sentiment against age should not militate to the detriment of those who have grown old in the service.

LIMA BEANE.

To Miss Spring

YOU'RE doing fine! Keep up the good work! We're all ready to lay aside the winter things and take up those which will harmonize with the season you represent.

LIMA BEANE

To the City Commission

GENTLEMEN: You have had a good opportunity to look over Main-st since you took office. What are you going to do to get rid of one of the most disreputable things in my city?

LIMA BEANE.

To Park Superintendent Zartman

DEAR CLAUD: 'Twill not be long ere my folks will be seeking recreation in the beautiful park of which you have charge. I hope you are anticipating this time and will have things in order.

LIMA BEANE

To Manager Bingham

DEAR GENERAL: I have noticed in different parts of the city that my electric lights are not affording constant service. Things mechanical, I know, are apt to go wrong occasionally, but the number of hours of outage of lamps ought to be looked into.

The lamp at Circular and Elizabeth-sts appears to have joined the "Shifters," or has developed St. Vitus dance. The light is on a moment and off a moment. This, continued indefinitely, is not conducive to soothing the nerves of those who reside in that territory.

LIMA BEANE.

To F. D. Carpenter

FRIEND FRANK: Announcement that new passenger cars of lighter type have been ordered for use on the Western Ohio, is an evidence of progress by the company, for which you are president and general manager.

To meet competition of the future in the development of the motor bus business for the transportation of passengers over paved highways, I am informed that your company is considering engaging in that line of business. Progress cannot be headed off, Frank, and I am pleased to note that your company is in the forefront.

LIMA BEANE.

To Road Boosters

FRIENDS: There appears to be but little doubt that your suspicions are correct. There must be a hidden hand somewhere working against the highway program in my county.

Ever since the program of improvement was started, it has been one disappointment after another, just when things looked the rosier. I trust you will be able to find out where the trouble lies, and why.

LIMA BEANE.

To John W. Beall

DEAR JACK: The manner in which contributions are being received for the Social Service bureau fund indicates pretty conclusively that efforts of the committee to create a fund of upwards of \$50,000 will meet with success.

LIMA BEANE.

## IT'S THE OPEN SEASON FOR THE PLESIOSAURI

To My People

FRIENDS: I trust that each and everyone of you, in some manner, observed the spirit of this day—Arbor Day.

Planting a tree is a proper manner of celebrating the occasion. My schools have sought to inculcate in the minds of youth the need of conservation of bird life and the necessity of planting trees, to replace those destroyed to make way for agricultural development.

If you failed to plant a tree today, do it tomorrow.

LIMA BEANE.

To Cleanup Hosts

DEAR FOLKS: The close of Cleanup Week is near at hand. I have noted with pleasure that there has been a good response to the appeal for a cleaner and better appearing Lima.

However, there are many places where the spirit of the week has apparently not found lodgment. There are too many vacant lots littered with unsightly debris. I trust that they will soon be cleaned up.

LIMA BEANE.

To Parents

MY FRIENDS: Once again spring is here. Children who have been cooped up all winter are seeking the outdoors. It is time for the playing of marbles, the spinning of tops and the dozens of other things they love to do.

I have noticed squads of them in various parts of my city playing in the streets. In some sections this practice is not particularly dangerous, but in others where traffic is heavy, it is. I hope you will keep a close watch over the little ones and help prevent this joyous time of the year from being marred by deaths due to playing in the streets.

LIMA BEANE.

To H. G. Mason

DEAR SIR: That the Ohio Electric will soon inaugurate its spring schedule, is pleasing information to a large contingent of men and women who are commuters into my city, on the Toledo division.

Your cars entering the union traction station in Toledo, will also prove a convenience to patrons of the line, but I cannot understand why you waited until the close of the theatrical season to put on late cars for the accommodation of theatre parties.

LIMA BEANE.

## HEALTH TALKS

Common Sense Ways to Keep Well.

WATCH YOUR FINGERNAILS

One indication of your general health is the fingernail.

If your nails are brittle or show white specks, something is wrong—your general health is not up to par.

Besides acting in this way as a health index the nails perform the function of protecting the tips of the fingers. They save the fingers from pressure and injury and give them strong support.

The sense of touch thus is made more accurate.

In order to help the fingernails perform their functions it is necessary to keep them in perfect condition.

The nails should curve from side to side, have a smooth, shiny surface and be pink in color. The white surface of the nail at the root, commonly called "half-moon," should be in prominence at the base of the nail.

After the hands have been washed thoroughly an orange wood stick or nail file should be used to remove the particles of foreign matter from the under surface.

Never use the point of scissors or the blade of a knife because either of these cause the under surface to become rough and hold particles of dirt more securely.

After the use of the nail file or orange wood stick the nail brush should be employed and then again the stick or file.

If the under surface of the nail or the skin becomes roughened, dip the fingers in cold cream and let the nails take up as much of the cream as they can. Then dip them in talc powder. This should be done before retiring.

The small flaps of skin which lap over the nail should be pushed back very gently with an orange stick every day. Be careful not to tear this skin, because hangnails are thus formed which allow germs to enter the body. These torn fragments may give rise to bone felons or even to blood poisoning.

## POEMS YOU WILL ENJOY

BY BERTON BRALEY

THE CHOICE

Jenny is a butterfly,  
Jenny is a flirt,  
Jenny's ways are frivolous,  
Jenny's speech is pert;  
But oh the flashing smile of her,  
And oh the willing glance!  
The grace and pep and style of her  
That make my heart to dance.

Mary is a steady girl,  
The girl I ought to wed;  
She's fair and wise and gentle,  
With a loyal heart and head;  
Her virtues I could tell about  
For days and weeks, maybe.  
But—Jenny's cast a spell about  
The silly soul of me

Jenny is a butterfly  
Who lets dull care go hang;  
But oh the airy wit of her,  
The elfin charm and tang!  
Mary'd stand the gaff with me  
Thruout the toil and strife;  
But Jenny—Jenny'd laugh with me  
For very joy of life.

And that—and that's the best of it,  
We'd share the vim and zest of  
it,  
And—devil take the rest of it  
When Jenny is my wife!

They're making a twin out of the old homestead of one of Lima's first families. The senescence of residences which have seen gay life and daring, is a sardonic muse. One smells brimstone for one's self in thinking of days and personages agone. Society is so fickle. Yet, isn't it all fickle? Nothing goes on forever except moths. Wast a banquet they had, all winter long on my gray tweed. So to bed.

# GAIN REALISM WITH MOVIES IN ACTUAL LOCALES

(By ESTHER WAGNER)  
The artificial set is passing from the movies. More and more the action of a photoplay is being photographed in the actual locale of the action depicted.

Marshall Neilan, one of filmland's most progressive figures, has abandoned the artificial set almost altogether. In "Fools First" he took scenes in a bank, a big dance hall, a night commercial school, hotel lobbies and railroad stations. That by means of a portable generator, an outfit in a motor truck that enables him to get the proper lighting in any situation.

Heretofore directors have declared the studio replicas of scenes necessary because only in the studios where big light plants were established could proper lighting be obtained.

The Neilan idea works for realism. Heavy vault doors in bank scenes will not look like the paper-mache affairs that they are in most movies.

## "Desert Blossoms" With William Russell

THE life of a construction engineer isn't all a bed of roses, as William Russell heroically demonstrates in "Desert Blossoms" appearing today and Saturday at the Sigma theatre. On the contrary, his life is one long struggle to convince his employers that he has honor, truth and a deep-rooted knowledge of construction work, etc.

When, then, Mr. Russell as Stephen Brent, who bravely builds a bridge and attains fame as the builder thereof. But it seems the cement was defective, and the bridge collapses. Of course, you are shown where it wasn't his fault at all, but the fault of a weakling. However, like the noble and self-sacrificing person he is, Steve takes the blame and goes away.

Blighted hopes—friendless—an outcast, etc. he begins life anew as a manual laborer on a gigantic construction project. Here he becomes possessed of knowledge that brings him to the attention of the boss, and wins a place as foreman. He's traveling incognito, of course, and no one knows that he is the Steve

## Gareth and Viola—They're a Clever Pair

THE Lyric theatre, this week-end, is presenting a likeable little comedy-drama with two popular stars, Viola Dana and Gareth Hughes, as the chief dispensers of fun. "Life's Darn Funny" is the title of the piece, and it's a sort of fairy tale with the nicest kind of an ending.

You are herewith introduced to Zoe Roberts, a violinist, and her better half, a struggling young designer and artist. Poor Zoe has never had a chance to exhibit her skill as a musician and Gareth just can't convince the general public that as a designer of gowns he is a regular wiz.

And so they live, running up perfectly lovely accounts with the butcher, the baker and the candlestick maker. To the philosophical Zoe, a few bill collectors more or less mean not a thing.

"Ze rich pay slow. When zey pay us, then we pay ze traders" seems to be her slogan. But the bill collectors, being of the persistent variety about the studio, until every knock on the door and every tinkle of the telephone bell awakens

However, many movies will lose the humor of anachronism. Nothing brightens up a faded reporter so much as the sight of magnificent mahogany setting for an editor's sanctum—in the movies.

And what good housewife has not had a hearty laugh at some of the sets that are supposed to represent kitchens where women cook meals and wash dishes? Most screen kitchens are arranged like hospital operating pavilions or, in the other extreme, are as messy as a junk-dealer's yard.

If this striving for realism is carried out by other directors Camille's next death may not occur in a boudoir that looks like a rabbit hutch, as the one in Nazimova's "Camille" looked.

The best reason for getting real locations for the movies is voiced by Neilan when he says, "The producer is treating with fundamentals with which certain persons in the audience are more thoroughly acquainted than the director himself."

The map of Ireland? Nope! It's the most freckled face in the movies, that of Richard Daniels in "My Wild Irish Rose."

## Java Dancer In Follies

DANCING as it is done in far-off Java is shown by Japonette, the feature dancer with "The Greenwich Village Follies," which will be seen at the Faurot Saturday afternoon and night.

The costume worn by Miss Japonette in the Java number is an exact replica of the one worn by the Javanese palace dancers. No less person than Minister Cramer from The Netherlands to the United States and a former Governor of Java has declared the dance letter perfect, after seeing Miss Japonette render it in New York last winter.

A pleasure trip to the orient brought her to Java, where she saw the Palace Dance and she declared it would go well on the American stage.

That it has "gone over" is shown by the fact that she has been doing the Palace Dance on Broadway for four seasons and this is the first time in that number of years that she has left the Rialto. Miss Japonette also dances the Tony Sarg Marionette number.

Miss Japonette looks all the world like a marionette. Even the little strings that give life to the original marionette are found on Japonette and as she dances from one side of the stage to the other the elastic strings travel with her. It is a most realistic dance, so realistic in fact, that if the program did not say that Jap-

# SKIRT CASE TAKEN TO HIGH COURT

Kansas School Board's Length Rule Violated by Girls

TWO PUPILS ARE EXPELLED

Father Appeals to the State's Supreme Tribunal

LAWRENCE, KAN.—(Associated Press)—How short a girl's skirt must be to be a disturber of school peace, and when, if ever, it becomes the concern of a school board, are questions expected to be laid before the supreme court of Kansas, following the recent action of District Judge Hugh Means in sustaining a demurrer of the Vinland, Kansas, rural school board against his jurisdiction in an action brought on behalf of Alice Hansen and Maude Buchanan, Vinland high school pupils against the board.

Alice and Maude are 16 years old, and both are farmers' daughters. Court action was brought by J. E. Hansen, father of Alice, when the Vinland school board, after adopting a rule requiring pupils to wear skirts three inches below the knees, decided that the skirts of Alice and Maude did not meet the specifications, and expelled them until such time as their skirts should be lowered.

CASE APPEALED

On application of Mr. Hansen,

Is a bad skin your handicap?

Try the Resinol treatment. It makes red, oily, blotchy skins fresher and more attractive

RESINOL

Soothing and Healing

Judge Means issued a temporary order directing the school board to permit the girls to return to their studies. They did so, without reservations or amendments as to skirt length. Then the school board filed a demurrer to Judge Means' jurisdiction, which the judge upheld, and Hansen's attorney announced an appeal to the supreme court.

The action of the school board stirred up a hornet's nest in the usually placid community of Vinland. Supporters of the school board said the board was right, that three inches below the knee was a liberal allowance for skirts. Others, particularly friends of the girls' mothers, said they believed Mrs. Hansen and Mrs. Buchanan, who made the costumes in question at home, knew more about what was right and modest for girls to wear than any three men in the county, school board directors or not.

## UNASKED ADVICE

Judge Means was made the recipient of much unasked advice and commendation, from hundreds of persons in all parts of the United States.

Serious minded women wrote to him gravely, pointing out the merits of short skirts from a sanitary standpoint.

Others feared the decadence of national morals and still others were concerned over the peril to national liberties if school boards were to be permitted to determine styles. The most valuable adherents of short skirts among Judge Means' correspondents were women. One woman said that morals and skirt lengths had no connection, that it was all a question of the purpose and intent with which clothes were worn. Another declared skirts anywhere between the knees and the shoe tops were entirely proper.

# LENINE MAY GO TO GENOA PARLEY

Suspected of Traveling Incognito to Outwit His Enemies

## OTHER RUSSIANS ARRIVE

Clash Over Soviet Expected to Feature Conference

(BY ED L. KEEN)  
LONDON (United Press)—A dramatic appearance at Genoa of Premier Lenin of Russia, would be a not entirely unexpected development of the economic conference which opens there Monday.  
The Russian dictator, it is suggested, may be traveling incognito to Italy to outwit the enemies who seek his life and to startle the world by appearing to cross swords with Lloyd George in the struggle over recognition of Russia, which is the crux of the conference.  
With or without the presence of the Bolshevik premier, the feature of the Genoa parley will be the clash of interests between Russian delegates and allied statesmen. The former, heralded as giants in the new diplomacy, but untried outside their own country, have arrived at Genoa with an aggressive program for the conference which contrasts materially with that laid down by the allies.  
The question of relations with Russia is paramount at the Genoa conference table for the following reasons:  
1—Rehabilitation of Russia with nearly every country in debt, depends more upon obtaining raw materials and credits than upon an artificial limitation of exchanges and a balancing of budgets.  
2—With America out of the conference and England feeling the pinch and calling in her loans, the field for credits is virtually exhausted.  
Europe must obtain raw materials.  
3—The doctors of war-sick Eu-

rope, therefore turn to Russia, offering to exchange recognition for raw material.

Britain's program for recognition of Russia, which will be presented to the soviet emissaries at Genoa involves reduction of the Russian armies, guarantees that Russia will not attack her neighbors, payment of old Russian debts to be guaranteed, with time allowed for payment, a measure of free trade, with freedom of foreign citizens to be guaranteed within Russia's borders.

France, strongly opposed to recognition of the soviet government, has much more severe program for Russian recognition, made up of seven cardinal points which involve all manner of supervision over Russia.  
To these proposals, bolshevik leaders state flatly they will never agree. They present a counter-program in which they will ask for a loan of \$500,000,000, propose exchange of raw materials for outside products, insist upon payment from the allies for damage done by Denikin, Wrangel, Kolchak and other "whites" in the Russian civil war, permit exploitation of Russia by foreign syndicates and demand freedom of commercial intercourse with Germany and other late-enemy states and de jure recognition of the soviet government by the allies.

## FIREWORKS PLANT IS DESTROYED BY FLAMES

AKRON — Explosions which rocked the countryside for a radius of five miles, drove back firemen attempting to fight the flames which destroyed the plant of the Hudson Fireworks Company at Darroville, near here this afternoon. Loss is estimated at \$20,000.

Seven employees at the plant are believed to have escaped death. Several were injured. Doctors, nurses and ambulances from the neighboring village of Hudson were called.

## MEN AND MATTERS

Mayor Harold Cunningham, who went to Allentown, Pa., early in the week to witness chemical tests to be made on sewage there, is to return Saturday or Sunday. A letter received from him did not state how the test of sewage treated by oxidation is progressing.

# CHILDREN LEFT TO DIE IN FIRE

Toledo Mother Abandons Tots When Still Explodes

TOLEDO—(Associated Press)—Abandoned by their mother, terror-stricken at the thought of discovery of her home as a distillery, when an explosion of a "still," followed by fire, partly wrecked their home here late last night, Henry and Eddie Ross, five- and seven-year old respectively, were saved from asphyxiation by a policeman who was passing the house at the time of the explosion, and who carried them to safety before the arrival of firemen.  
The mother, Mrs. J. Payett, was arrested today and is being held for the federal authorities.  
An investigation of the cause of the explosion showed that the house was a veritable distillery, police say. The explosion occurred in the bath room, where a gas stove was furnishing heat for a 50-gallon still. Two barrels of mash also were found in the bath room and in the attic another still of ten gallons capacity and a large quantity of finished liquor was found.

BOY HANGS SELF  
AKRON — Ivan Featherby, 15, committed suicide last night by hanging himself in a barn near his home at Edinburg, 20 miles east of here. His parents, who had been away from home, found his body when they returned. No motive for the suicide has been learned.

# LIMA ODD FELLOWS TO ATTEND ANNIVERSARY EVENT IN COLUMBUS

Lima Odd Fellows in large numbers, will attend the I. O. O. F. jubilee, to be held in Columbus, April 26. The event marks the 103rd anniversary of the founding of the order in Baltimore.  
Allen Lodge No. 233, will meet Friday evening at which time arrangements will be completed for the trip. Clarence L. Froy is recording secretary.  
E. E. Welker, secretary, is in charge of arrangements being made by Solar Lodge No. 753, for the event. That organization will be largely represented, as will also Lima Lodge No. 581.  
It is the plan, as now tentatively agreed upon, to charter several cars over the Ohio Electric and make the trip direct from Lima to Columbus. Thousands of Odd Fellows from all over the state, will attend, it is announced.

## QUARTET OF TRAFFIC VIOLATORS IS FINED

A quintet of traffic violators was arraigned before Judge Emmett J. Jackson in police court Friday. Four of them were fined. Dr. J. C. ## SMALLER WHEAT CROP FORECAST

Figures Given by Department of Agriculture

WASHINGTON (Associated Press)—Winter wheat production this year was forecast at 572,974,000 bushels and rye production at 69,667,000 bushels, by the department of agriculture in its first estimate of the season issued today and based on the April 1 condition which was: Winter wheat 78.4 per cent of normal, and rye 89.0 per cent.

The winter wheat forecast compares with 587,032,000 bushels produced last year, 610,587,000 in 1920 and 578,575,000, the average of the preceding five years.

The rye forecast compares with 57,315,000 bushels produced last year, 60,490,000 in 1920 and 58,474,000, the average for the preceding five years.

Winter wheat condition on April 1, showed an increase of 2.4 points since December 1, last, compared with an average decline of 4.7 points in the last ten years between those dates. Winter wheat condition a year ago was 91 per cent of a normal, while the April 1, ten-year average is 84.3. The area sown in winter wheat last fall was 44,293,000 acres, which was 1.2 per cent less than the revised area sown in the fall of 1920. The condition of December 1, last, was 67 per cent which was 11.9 per cent lower than the previous year and 13 per cent lower than the ten-year average on that date.

The condition of winter wheat on April 1, in the principal producing states was: Pennsylvania 92; Ohio 87; Indiana 90; Illinois 93; Missouri 88; Nebraska 80; Kansas 68; Texas 57; Oklahoma 64; Colorado 77; Washington 85.

### AUGLAIZE-TP WOMAN DIES; MRS. HENRY M. BROWN ILL FOR PERIOD OF SIX YEARS

Mrs. Inez L. Brown, 68, wife of Henry M. Brown, died at her home in Auglaize-tp, six miles east of Lima, Friday at 5 a. m., following an illness of six years. Death was due to diabetes.

Mrs. Brown was born in Lima, the daughter of Mr. and Mrs. R. Dove. Mr. and Mrs. Brown were preparing to celebrate their golden wedding anniversary next October.

Surviving are the husband, five sons, Otto, Earl and Frank, all of Lima; Walter, residing at the family home, and James, of St. Paul, Minn.; five daughters, Mrs. William Patton, Scott's Crossing; Mrs. Andrew Patton, Delphos; Mrs. Milford Tapscott, Lima, R. D.; Mrs. William Holland, Westminster, and Mrs. Forest Alt, Lima. Twenty-five grandchildren also survive.

Mrs. Brown had always resided on a farm near Westminster. She was a member of the Methodist church since 12 years old. Funeral services will be held Sunday at 2 p. m. at the Westminster M. E. church. Rev. Franks will officiate. Interment in Westminster cemetery.

### HEADS OF BUSINESSMEN'S BASEBALL LEAGUE RULE ON PLAYERS ELIGIBILITY

Professionalism so far as concerns the inter-club league, was defined by heads of the business men's baseball league Friday noon, at a meeting held at the Elks' Club.

A man may have knocked 'em for a row of posts in the big league and drawn down the real money, but—

If he isn't playing now for money—the commissioners ruled—he can play in their league, teams representing Rotary, Kiwanis, Lions and Elks.

Practically all clubs will have the same lineup as last year. Games will commence at Murphy-st ball lot, either the last week in April or first in May, Harman said.

Umpires for the season will be Fred Wallace and Judge E. J. Jackson.

### SUCCESSORS TO HIGBYS MUST PASS STATE TEST

Applications for position as superintendent and matron of the Allen-co Childrens Home will be examined to determine qualifications, April 20. Tests will be held in the court house.

Vacancies were created by the retirement of Superintendent and Mrs. David W. Higby.

The salary of superintendent is \$950 a year and maintenance. Executive ability is required, a knowledge of the care and problems of children and farm management.

The matron is paid \$750 and maintenance and must be able to properly oversee a large establishment and maintain discipline among the children.

Excellent character is one of the foremost requirements. Applicants are charged a 50 cent examination fee.

### JOE C. HARTLINE TO BUILD SUBURBAN HOME

Plans for a commodious country home in Shawnee-tp are being drawn for Joe Hartline, 1010 Faurot-av, who recently purchased from Dr. M. A. Wagner, a part of the old D. C. Dunn homestead on Shawnee-rd.

The lot has 124 foot frontage on Shawnee-rd and runs back to a considerable depth. The original tract comprised almost two acres. Hartline secured about one-half for a reported consideration of \$2,500.

### WIDOW OF W. T. WOOLERY DIES AT HOSPITAL HERE

Mrs. Henrietta Staples Woolery, 71, widow of the late William T. Woolery, died early Friday morning at the District Tuberculosis hospital, after an illness of five years, from tuberculosis. She was born in Ottawa, Canada.

Mrs. Jessie E. Woolery, DeValis, Ark., and a grandson, Paul Woolery, Little Rock, Arkansas, survive.

Funeral services will be held Monday at 10 a. m. at the Williams and Davis mortuary. Rev. Walter D. Cole, pastor of Trinity M. E. church, will officiate. Interment in Adams cemetery.

## Near Traffic Jam as First Straw Appears

Like the first rose of a summer, a solitary straw hat, conspicuous amid an ocean of felts and velours, was observed in S. Main-st, Friday afternoon.

It was the initial straw chapeau worn in Lima this season, so far as can be ascertained.

Police-Officer Frank Kinzer sighted the hat and its owner at Main and Elm-sts. He attempted to arrest the man for blocking traffic, but the wearer showed too much speed.

The hat, Kinzer believes, was of the vintage of 1921, as merchants are not displaying straws up to date.

### 50 MEN AFFECTED BY L. E. & W. LAYOFF ORDER

Less than a half hundred men are to be affected in a layoff at the L. E. & W. railroad shops scheduled for Monday, officials of the company declared Friday.

Work was resumed at the shops several weeks ago, when many employees were taken on. At the time it was expected that operations were to be carried on continuously.

## FORMER COMEDY STAR, NOW Faced BY PENURY, OFFERED HOME BY FRIEND

ALAMEDA, Calif.—Rose Coghlan, adored comedy star of two decades ago, who feared that "nobody in the world wants me" because of the tragic role of penury that fate recently has cast for her, may know now that there is a home where she is wanted, and wanted eagerly in this city, on the east shore of San Francisco bay.

This was the message that Mrs. Tom Dolphin, 2124 Clement-av, Alameda, would have sent Miss Coghlan today, but, uninformed of the actress' address in New York city, she appealed to the Associated Press whose wires carried the story of Miss Coghlan's plight.

"Please tell Miss Coghlan that she is wanted right here," said Mrs. Dolphin. "There is a big home here to which she is welcome, and a car we'd like to take her riding in, and she needn't sell her costumes, nor bother about getting new clothes. We want her to come right away."

Mrs. Dolphin's husband, manager of an automobile repair agency, heartily concurred in his wife's request. Neither Mrs. Dolphin, her husband nor her mother, who compose the household, ever saw Miss Coghlan on the stage.

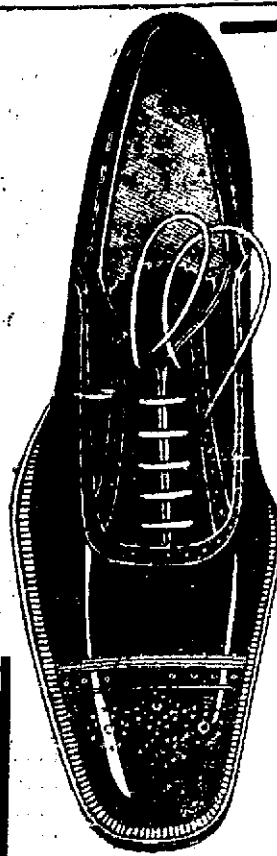

## MISSING BOY RETURNS

Leonard Fritz, 11, who had been missing since Thursday afternoon after school, appeared at his home, 219 N. Elizabeth-st, at 3:30 p. m., police said Friday.

POLICE CHIEF INDICTED COVINGTON, Ky.—Frank Bregel, chief of police of Newport, Ky., and his son, Frank Bregel, Jr., cafe owner, were indicted by the federal grand jury here today for alleged conspiracy to possess liquor.

# WOMEN ANNOYED BY STRANGER

Called to Telephone at Unseemly Hours of Night

Police have been asked to be on the lookout for a strange man, who had been frightening women in the West End of the city by telephoning their homes and endeavoring to keep up a fire of silly questions.

Mrs. Beattie Harrod, 1336 W. Market-st., was called from her bed at 3 a. m. Friday. A man's voice, speaking at the other end of the line, inquired if she kept a boarding house. The man continued to ask incoherent questions, and becoming frightened, Mrs. Harrod hung up the telephone receiver.

Mrs. Nort Gunther, 1331 W. Market-st., received a telephone call at 5 p. m. Thursday, when a voice inquired if she would sell her property. Mrs. Gunther replied that she owned no property.

When the party attempted to engage her in a conversation she hung up the receiver.

Mrs. Gunther relates that shortly after midnight she was called to the telephone and the same voice declared he wished to inquire of her about a fire which had been reported at her home.

Mrs. Gunther said she told him there was no fire. Then he said he was looking for a party on S. Main-st. Mrs. Gunther told him he must have the wrong number. She declared she thought little of the matter until she learned Mrs. Harrod had been troubled likewise.

# APPEAL MADE TO WILLIS AND CABLE IN MOVE FOR RETURN OF FEDERAL AID

Efforts to carry thru to completion the Elida-Scotts Crossing section of the Harding Highway took a new angle Friday when the influence of Senator Frank B. Willis and Congressman John L. Cable was sought to iron out the situation.

Letters were dispatched by J. Kennard Johnson, secretary of the Harding Highway association, acquainting them with the situation.

Carl J. Gugler, Galion, president of the Highway body, will go to Columbus Saturday to confer with state officials on the situation.

A meeting of the Allen County Good Roads council has been called for Monday by Joe Hartline, chairman. G. F. Rudisill, state director of the Ohio Good Roads Federation, and Gugler, are expected to be present.

# ENGLISH CLASS PUPILS IN HISTORICAL PAGEANT

A pageant, depicting local historical scenes, was staged at Central high school auditorium Friday afternoon, before the close of school for the Easter holiday vacation.

Under the direction of Miss Zella Foster, head of the English department, assisted by the English teachers of the junior high school, the pupils, in appropriate costume, by the formation of stage sets, depicted features of Allen-co. history.

Among the scenes presented were: Departure of the Shawnee Indians from Allen-co; the ceremony of the naming of the city; tableaux of the life of Johnny Appleseed; pioneer home life; first commencement of Lima high school; discovery of oil in the Lima fields; presentation to Miss Lima and other scenes of an interesting nature.

Three hundred pupils participated in the event. Many of the parents of the children witnessed the pageant.

# EASTER VACATION WEEK BEGINS FOR STUDENTS

Kids of Lima are happy. Spring vacation week is near.

Books were thrown aside and roller skates and marbles became popular at the close of school Friday. For the kids have a week off. They will not need to think of school until Monday, April 17, the day after the Easter rabbit has arrived.

Vacation at St. Rose and St. John's parochial schools begins next Monday and lasts a week. St. Gerard's school vacation begins Tuesday and is for a week.

# ATTEMPT TO STEAL AN AUTO IS THWARTED

That five men attempted to steal this automobile was the report made Thursday night by L. Kerr, 213 S. Woodlawn-av., to police. The car was parked in front of the house and he heard the machine started up. Fred Kerr, son of the owner, rushed out of the house and saw it moving away.

He shouted to the men and they left the car and rushed thru an alley, Kerr said. The car had moved about 25 feet. The attempted theft occurred at 8:30 p. m.

# MRS. ROSETTA NEWLAND DIES OF COMPLICATION

Mrs. Rosetta Newland, 76, widow of the late Alvera Newland, died at the home of a step-granddaughter, Mrs. Rosa Dolph, 526 N. West-st., Friday at 9 a. m. Death was due to a complication of diseases, after an illness of four weeks.

She is survived by two sons, Frank of Ada, and Jesse, of Waynesfield. Interment will be at Waynesfield. Other funeral arrangements have not been completed.

# BUILDINGS INSPECTED

J. A. Crossen, deputy building and workshop inspector in the office of State Fire Marshal H. A. Dykeman, conducted an inspection of local buildings with Deputy John of Canon, Friday. Their findings may result in a considerable number of zoning orders being placed by Fire Chief John Mack.

# COLUMBUS - The state public utilities commission today dismissed the complaint of the Cleveland Brick and Clay Company against switching rates in force in the city limits of Cleveland on the lines of the Baltimore and Ohio, Big Four, Erie, Nickel Plate, New York Central and Wheeling and Lake Erie lines, finding the rates complained of not unjust or unreasonable.

# 75 CANDIDATES TAKEN BY EL-KARAN GROTTO

Seventy-five candidates were initiated into El Karan Grotto at the semi-annual ceremonial, held at Central High school auditorium, Tuesday night. Five hundred members attended.

The cast of characters, elected at the beginning of the year, put on the first episode. Stunts were featured. New scenery valued at \$1,500 was used for the first time in presenting the ceremonial.

# ADMITS FORGERY

Amateurishness of Boy of 16 Lands Him in Court

His rank amateurish methods would not get him very far in the forgery game, John Finn, 16, who said he resides at 222 E. Market-st., admitted Friday when his attempt

to cash two forged checks at the Lima Dime Savings bank, 139 S. Main-st., ended in failure.

Checks were made out for amounts of \$10.50 and \$9.50 on "Mrs. J. E. Smith, W. High-st." and "C. E. Collins, E. Market-st." It was not ascertained by bank officials whether the names were real or fictitious, but they inclined to the belief that they were the products of the boy's imagination.

Spuriousness of the checks was detected when it was discovered that there were no accounts at the bank in the names of the persons whose signatures were attached and

it was also readily seen that both signatures were in the same handwriting.

Finn was turned over to juvenile authorities. Judge Hamilton said the case had not been brought to his attention up to noon Friday.

The lad declared he came here recently from Wisconsin. His father is dead and he resides with his mother, he asserts.

Miss Grace Jolley, of W. Wayne-st., entertained the members of the Lenore Guild Wednesday. An interesting paper on "Playing Square With Tomorrow" was given by Mrs. Shockey. Games and music followed and at 10 o'clock a delightful luncheon was served by Mrs. Ralph Jolley. Miss Della Mae Ford was received as a new member.

Members present included Misses Ruth Brodbeck, Mildred Clark, Louise Zumbach, Vera North, Ruth Roebuck, Rowena Wood, Dorothy Welty, Hazel Stewart, Elsie Deken, Marie McCure, Doris Wooley, Esther Brodbeck, Grace Jolley and Mrs. Adda Stucker. The only guests were Miss Mildred Apples and Mrs. Shockey.

The next meeting will be held in a month with Mrs. John M. Morgan, of S. Kenilworth-ave.

Mrs. D. B. Stewart, of Garfield-ave, welcomed a coterie of friends at her home at an informal gathering, Thursday. The evening was enjoyed in music and games, social chat and a delectable lunch was served by the hostess.

Mrs. Stewart's guests included Mrs. Paul Crawford, Mrs. Frank Wallace, Mrs. E. C. Yingling, Mrs. Charles Roberts, Mrs. E. L. Kirk, Mrs. Charles Preston, Mrs. Howard Fletcher, Mrs. Thomas Cook, Mrs. A. C. Stuart, Mrs. Carl Bowdle, Mrs. J. E. Dexter, Mrs. Ralph McCawley, Mrs. Merle Johnson, Mrs. Carl Komminsk and Mrs. Ralph Parsons.

Mr. and Mrs. Harold Miller of W. Market-st. and Mr. and Mrs. V. E. Halser, of Grand-ave will spend this week-end in Columbus. They will attend the Masonic convention while in that city.

One of the most attractive of the social affairs given in honor of Miss Harriet Thompson and her fiancé, Frederick Brinker, of Pittsburg, was a handsomely appointed dinner given Thursday evening by Mrs. Harry L. Gayer at her home in Shawnee. The table appointments were suggestive of spring and a color scheme of lavender and yellow prevailed. After the dinner, the evening was enjoyed in bridge.

Mr. and Mrs. William Wemmer, of W. Market-st., returned Sunday from Florida, where they enjoyed the winter months at their home at Miami.

Plans for a rummage sale to be given at the Court House, April 14th and 15th were made at the meeting of the members of the Elizabeth Circle, of Market-st. Presbyterian church, Thursday. Their patronesses, Mrs. E. C. Furnas, of W. Market-st. Miss Elizabeth Lamb will be in charge.

T. E. Thompson, of W. Spring-st., will entertain with a dinner at his home, Friday evening, honoring his daughter, Miss Harriet and her fiancé, Frederick Brinker, of Pittsburg. The guests will include the members of the immediate families and a few intimate friends.

Places will be arranged for Miss Thompson, Mr. Brinker, Mr. and Mrs. C. H. Brinker of Pittsburg; Mr. and Mrs. M. S. Thompson, Mrs. Harry L. Gayer, Mrs. Edna Neely Rogers, Mrs. Frank King, of Kittanning, Pa.; Miss Grace Conley, of Kittanning; Mrs. Paul Heinise and the host.

Mrs. J. J. Pettler, 501 Brice-av, entertained the Amice Bridge club and a few guests, most delightfully, Friday afternoon, in room made bright and cheerful by pink and white spring blossoms.

Five tables were filled for the game and at the conclusion of play, luncheon was served. Miss Constance Wise assisted Mrs. Pettler in receiving.

Guests were Mrs. Clarence Klinger, Mrs. Gayle Dunifon, Mrs. Dora Armstrong, Mrs. H. E. Schedine and Mrs. J. Anderson. The club meets fortnightly at the home of members.

Mr. and Mrs. W. S. Siferd, of W. High-st. welcomed the members of the Redoubt Bridge club at their home, Thursday evening. The only guests were Dr. and Mrs. F. H. Wittenbrook. In the playing Mrs. John McFall, Mrs. F. A. Wittenbrook, F. A. Derck and John McFall held high score.

One of the prettiest social events of the week was a delectable appointment of 1 o'clock luncheon given Friday by Mrs. W. L. Parmenter, of W. Market-st., complimenting Mrs. Arthur W. Godfrey, of Brookline, Mass., sister of Mrs. Joseph Cowan, of the Olmedo-apts. The table was handsomely appointed, spring flowers of every hue being extensively used in the adornments.

Miss Rose Agter, of Cincinnati, will spend the week-end with her parents, Mr. and Mrs. W. T. Agter, 14 Lakewood-av.

## CHEAPER CUTS

Sister Mary Suggests Some for Meatless Meals

If the average housekeeper would learn to use the cheaper cuts of meat in appetizing and attractive ways she could do much toward reducing the cost of high living.

The shoulder of lamb makes a perfectly good roast and is never as expensive as the leg of lamb. The breast, shank and neck can be made into very palatable and nourishing dishes that will take the place of the expensive chops on ordinary occasions.

**ROAST SHOULDER OF LAMB**  
A shoulder of lamb, 2 slices of bacon, 2 cups of stock, 2 tablespoons butter, 4 tablespoons flour, 1 teaspoon minced parsley, 2 medium sized onions, 2 carrots, 1 small turnip, 8 peppercorns, 1 1/2 teaspoons salt, 1-4 teaspoon pepper, 1-2 cup canned tomato juice.

Remove bone from shoulder. Cover bone with cold water, about three cupsful, and bring slowly to the boiling point. Let simmer two hours. Wipe meat with a damp cloth and trim off the thin tissue-like covering. Season with salt and pepper, roll tightly and tie.

Cut the bacon in narrow match-like strips and insert in the meat. Slice vegetables and put in bottom of casserole. Dot with butter and add meat.

Cover closely and put in a hot oven for 20 minutes. Add parsley and peppercorns. Pour over two cups stock, cover closely and roast for a slow oven for two and one-half hours.

Take out meat and remove strings. Strain stock. There should be one and one-half cups. Melt two tablespoons butter in sauce pan, stir in flour and stir over the fire until the flour is brown.

Add stock slowly, stirring constantly. Then add one-half cup canned tomato juice. Serve in a gravy boat as a sauce for the meat.

**RAOULT OF LAMB**  
Two pounds neck of lamb, 1 cup boiling stock, 2 tablespoons butter, 2 tablespoons flour, 1 onion, 1 carrot, 1 strip celery, sprig parsley, thyme and bay leaf, yolks 2 eggs, 1-2 cup cooked spinach, juice 1-2 lemon, 1-2 teaspoon salt, 1-4 teaspoon pepper.

Trim meat. Put into cold water, bring slowly to the boiling point. Drain and plunge into cold salt water, let stand five minutes. Drain and dry between towels. Cut into two-inch squares.

Melt butter in sauce pan, add sliced vegetables and simmer with-out browning for 15 minutes. Shift in flour, stirring constantly and slowly add boiling stock. Add parsley, thyme and bay leaf, one-third teaspoon salt and one-eighth teaspoon pepper. Stir until the mixture boils and is perfectly smooth. Put meat in casserole and pour over sauce. Cover closely, simmer two hours in a slow oven or over a slow fire.

## OUR FIRST YEAR

BY A BRIDE

MARRIAGE BUILDS A WALL

WHAT'S ALREADY HAPPENED? "Bride and groom agree to retain their liberties as individuals," Jack interjects his wife's dinner preparations to phone that he is staying at the club to play chess. Bart Elliot her platonic friend, calls to take her to the Little Playhouse Club for the evening. He suggests that he and she eat the dinner she had prepared especially for her husband.

I did not broil the steak for Bart in my husband's absence. I don't think that principle restrained me. I don't think I was able to decide between the right and the wrong of the matter.

The simple fact was that I could not vision Bart, ancient ally though he was, sitting in my beloved's place, opposite me at table in my own little home.

Bart was just a careless big boy, who was used to having his own way, who has bossed me from my babyhood. I was greatly relieved when he concluded the steak episode by picking up his hat with:

"Peggy, if I've annoyed you, I'm sorry! Come on!"

Dinnerless for conventions' sake, spiritless because we had disagreed, we drove in silence to the Little Playhouse. A wall of reserves separated us for the first time in our lives.

Bart and I never had sponged. Petting parties were not my line. I knew that Bart had had his "cases"—more and more of them as he grew up. Also I knew that he would have loathed me had he suspected me of permitting "petting."

And because there never had been anything sentimental between us it seemed doubly ridiculous to let my marriage disturb our good fellowship.

The fact so depressed me that not until we reached the Little Playhouse did I remember that I had failed to call up the chess club and notify Jack where I was going.

For several years a crowd of us had been staging a variety of plays in an old barn, refitted as a theater. A certain rich man financed our enterprise.

Some of us acted for the fun of the thing; some because they had achieved a little reputation in college for dramatic ability; some in the hope that amateur work would open the way to the legitimate.

The rich man's daughter designed our costumes and did them excellently. Local artists sketched our sets. Local authors got us to try out their drama.

Our director was a judge on the

**CARE OF RANGE**  
After broiling or frying, if any fat is spattered on your range, wipe surface at once with a newspaper.

**OILCLOTH**  
Wash oilcloth with warm water and milk. Use one cupful of skim milk to one gallon of water. Wipe dry with a clean cloth.

**LEARN A WORD A DAY**  
**T**ODAY'S word is **EX-HUME**.  
It's pronounced—eks-hewm, with accent on the last syllable.  
It means—to dig up, to remove a body from place of burial, to disinter.  
It comes from—Latin "ex," out of, and "hume," ground.  
Companion word—exhumation.  
It's used like this—"When murder is suspected, it is customary to exhume the body of the person supposed to have been slain."

## BEGIN HERE TODAY

IN THE LIMA NEWS of 1914, MARKED the first time that a story was told from human sympathy and understanding with the sole exception of LADY NONA TEBAR, an old sweet-heart, now happily married.

After the declaration of war when, passing the barracks on his way home, Sabre was accosted and taken into the mess by Cotter, a sub-altern of the Pinks.

"You must come along in and have a cup of tea," young Cotter urged. "We've got a hell of a jam-borino on. At least we shall have tonight. We're just working up for it. I can't tell you why. You can guess."

Sabre felt a sudden catch at his emotions. "Is the regiment going?" They were at the door of the ante-room. Cotter swung it open. The

GO ON WITH THE STORY she echoed the word. "War?" "Yes, declared war."

He was breathless, panting. She said, "Good gracious! Whatever will happen? Have you brought an evening paper? Do you know the papers didn't come this morning till

He could not hear her out. "No, I didn't want to simply rush away. He was close to her. He took her hand. "I say, Mabel, it's war." His emotions were tumultuous and extraordinary. He wanted to draw her to him and kiss her. They had not kissed for longer than he could have remembered; but now he held her hands hard and desired to kiss her. "I say, it's war."

She gave her sudden burst of laughter. "You are excited. I've never seen you so excited. Your color's under."

He dropped her hands. He said rather stupidly, "Well, it's war, you know," and stood there.

She turned to her dressing table. "Well, I do wish you'd stayed for a paper."

Lying awake, he thought of Nona. He had not written the letter to her. The appointed day was past and he had not written. He would have said, during that unutterable darkness in which he had awaited it, that not the turning of the world upside down would have prevented him writing; but the world had turned upside down. It was not a board of Pinks men had swung around in their appalling moment when he had watched them appear on the balcony. It was the accustomed and impudently world, awfully unbalanced. Nona would understand. Nona always understood everything. He wondered how she had maintained this terrific day. He was assured that he knew. She would have felt just as he had felt. He thought, with a most passionate longing for her, that he would have given anything to have been able to turn to her when he had exclaimed, "My God, war!" and to have caught her hand and looked into her beautiful face. Tomorrow he would send the letter. Tomorrow? Why, yes, today, like all today in the removed and placid light of all tomorrow's, would be shown needlessly hectic. Ten to one something would have happened in the night to make today look foolish.

When he went down into Tidborough in the morning it was to know at once that this tomorrow gave no life to its precedent day. It intensified it. The previous day foreboded war. The new day presented it.

He went into the office. The afternoon post had brought letters to his desk. He turned them over without interest, then caught up one—from Nona.

Marko, this frightful war! I have thanked God on my knees for you that last week you prevented me. If I had done it with this! Tony has returned the Guards, he was in the Reserve of Officers. And you see that whatever has been, and is, dear, he's my man to stand by in this. Marko, it would have been too awful if I couldn't, and I thank God for you, again and again and again.

Nona.

CHAPTER IV

The enormous and impudently world awfully unbalanced, upside down. Extraordinarily unreal. Furiously real.

Life, which had been a thing of events in which there was no time, only events.

Things began, one day very shortly

They Were Marching At Ease, Their Rifles Slung.

room was full of men and tobacco smoke and noise. A very tall youth, one Sikes, was standing on the table, a glass in his hand. "Hullo, Sabre! Messman, one of those very stiff whiskies for Mr. Sabre—go on Sabre, you must. Because—He had not Cotter's reticence. He burst into song, waving his glass—"Because—

"We shan't be here in the morning—"

Otway came in. "Shut up, you noisy young fools. What the—"

Sikes from the table. "Ah, Papa Otway! Three cheers for Papa Otway in very discreet whispers. Messman, one of those very stiff whiskies for Captain Otway."

Otway laughed pleasantly. "No chuck it, I'm not drinking. Hood I want you; and you, Caribachael, and you, Bullen." He saw Sabre and came to him. "Hullo, Sabre. You've heard now. We've managed to keep it pretty close, but it's all over the place now. Yes, we entrain at day-break."

Sabre felt frightfully affected. He could hardly speak.

The blessed gift in the way was to be without imagination. The supreme trial, whether in endurance on the part of those who stayed at home, or in courage on the part of those who took the field, was upon those whose mentality invested every happening not present but imagined. For Sabre the war definitely began with that visit to the mess on the eve of the Pinks' departure. The high excitement of the young men, their eager planning moved Sabre, visioning what might await it all, in depths profound and painful in their intensity. His mind would not abandon them. He set up that night after Mabel had gone to her room. How on earth could he go to bed, he hoggishly sleeping, while those chaps were marching out?

He could not. At two in the morning he was for the house and rode down into Tidborough.

He was just in time. The news had been well kept, or in those early days had not the meaning it came to have. Nevertheless a few people stood about the High Street in the thin light of the young morning, and when, almost immediately, the battalion came swinging out of the Market Place, many appeared flanking it, mostly women.

"Here they come!"

Frightful words! Sabre caught them from a young woman spoken to a very old woman whose arm she

held a few paces from where he stood. Frightful words! He caught his breath, and more dreadfully upon his emotions, as the head of the column came into sight, the band, taking them to the station, burst into the Pinks' familiar quick-step.

The Camp Town races are five miles long.

Doo-da! Doo-da! The Camp Town races are five miles long.

Doo-da! Doo-da! Day! Gwine to run all night. Gwine to run all day.

I bet my money on the bob-tail nag.

Sombody bet on the bay!

He never in his life had experienced anything so utterly frightful or imagined that anything could be so utterly frightful. His throat felt bursting. His eyes were filled. They were swinging past him, file by file. Doo-da! Doo-da! Day! He scarcely could see them. They were marching at ease, their rifles slung. They seemed to be appallingly laden with stupendous packs and multitudinous equipment. A tin mug and God knows what else besides swung and rattled about their thighs. The women with them were running to keep up, and dragging children, and

stretching hands into the ranks, and crying—all crying.

Doo-da! Doo-da! The Camp Town races are five miles long.

Doo-da! Doo-da! Day! He thought, "Damn that infernal music." He wiped his eyes. This was impossible to bear. Doo-da! Doo-da! A most frightful thing happened. A boy broke out of the ranks and came running, all rattling and jingling with swinging accoutrements, to the old woman beside Sabre, put his arms around her and cried in a most frightful voice "Mother! Mother!" And a sergeant, also rattling and clanking, dashed up and bawled with astounding ferocity, "Get back into the bloody ranks!" And the boy ran on, rattling. And the old woman collapsed prone upon the pavement. And the sergeant, as tho his amazing ferocity had been the buttress of some other emotions, bent over the old woman and patted her, rattling, and said, "That's all right—Mother. That's all right. I'll look after him. I'll bring him back. That's all right Mother." And ran on, jingling. Doo-da! Doo-da! Day!

The column passed and was gone. He could do nothing now. Four o'clock in the morning. But he must do something now. He followed to the station. The men were entraining. Presently his opportunity came in a sight of Colonel Rattray, who commanded the depot and was not going, standing for a minute alone. Sabre said, feeling extraordinarily embarrassed, "I say, Colonel, I want to get into this."

ADVENTURE OF THE TWINS

DREADEFUL DREAMS

By OLIVE ROBERTS BARTON

The kettle boiled and a queer green steam arose

Eena Meena, the Magician, started right away to boil two dreams for the bat (Twelve Toes, the Sorcerer) to shake over Nancy and Nick, who were peacefully sleeping between two mountains in a lovely valley.

First he took seven green feathers from seven green parrots, the rind of a pineapple cheese, and a pint of baroque shells.

Then he ground together in a coffee grinder. Next he mixed the milk of a coconut grown on the

North Pole with a quart of medium oil and a drop of bay rum.

Lastly he sifted into one bowl a pinch of sulphur, two pinches of gunpowder and three pinches of snuff.

He mixed the things all together then and poured them into a large applebutter kettle over a hot fire, muttering these words as he stirred.

"Eier briar, little dream, Things are seldom what they

seem. First with Nancy, then with Nick, Help Twelve Toes to turn the trick."

The kettle boiled and a queer green steam arose

Eena Meena, the Magician, started right away to boil two dreams for the bat (Twelve Toes, the Sorcerer) to shake over Nancy and Nick, who were peacefully sleeping between two mountains in a lovely valley.

First he took seven green feathers from seven green parrots, the rind of a pineapple cheese, and a pint of baroque shells.

Then he ground together in a coffee grinder. Next he mixed the milk of a coconut grown on the

North Pole with a quart of medium oil and a drop of bay rum.

Lastly he sifted into one bowl a pinch of sulphur, two pinches of gunpowder and three pinches of snuff.

He mixed the things all together then and poured them into a large applebutter kettle over a hot fire, muttering these words as he stirred.

"Eier briar, little dream, Things are seldom what they

seem. First with Nancy, then with Nick, Help Twelve Toes to turn the trick."

# BILLY EVANS PREDICTS GIANTS WILL REPEAT IN NATIONAL FLAG RACE

**BY BILLY EVANS**  
THE New York Giants to repeat in the National League.  
That seems to be the one best prediction as far as either of the major leagues is concerned.  
The Giants were good enough to win in 1921. The club that McGraw will pilot this year is an even stronger aggregation.  
That naturally makes the Giants loom up as a top-heavy favorite in the National League baseball derby for 1922.  
The Giants have one of the best

pitchers ever gotten together. It was strong without Home Groh. The addition of that star third sacker rounds out the combination.  
McGraw will get good catching from Shiner and Smith. The outfield will be strong. George Burns will be moved to center. Players like Burns are always missed. However, in Shiner and Cunningham, McGraw appears to have two young stars able to fill the vacancy.  
**PITCHERS WILL MISS SCHMIDT**  
Pitchers, perhaps second last

season, but right now it doesn't seem as if the Pirates have a chance to get so high a rating for the coming season.  
The Pittsburgh club is going to miss Catcher Schmidt. It doesn't seem as if the club and the star catcher are going to be able to get together on the salary question.  
No club in baseball can pass up the services of so valuable a catcher as Schmidt and not seriously weaken its chances. The youngster Goch may prove a most capable substitute, yet he will hardly fill

Schmidt's shoes.  
Then there is the memory of the failure to win the 1921 pennant after it had seemed to be all over but the shouting. Unless the club is a particularly game aggregation that memory is going to linger with the athletes through the summer.  
**CARDINALS LOOK STRONG**  
Those two reasons make it appear as if the St. Louis Cardinals, who finished third last year, will beat out the Pirates for the coming season.  
The Cardinals loom up as the

logical choice for second. The club lost 15 out of the first 20 games played last year. However, once the team hit its stride, there was no stopping it.  
The Cardinals came down the home stretch with a rush. Rickey's team is going to remember the finish of the 1921 race, when it was going faster than any club in the National league.  
The situation with the Cardinals is just opposite to that of the Pirates. The Cardinals pitching could be better. Another seasoned pitcher

and Rickey would have McGraw very much worried.  
**BRAVES, DODGERS STRONG**  
Boston and Brooklyn both have strengthened their lineups considerably. While the Pirates on form should finish third, there is a chance that the club that finished second in 1921 may be eased into the second division.  
If the Pittsburgh catching flivvers, due to the failure of Schmidt to return, both Boston and Brooklyn have a chance to nose out the Pirates.

Kopf at short and Marquard added to the pitching staff has added much strength to the Braves. They ought to finish in the first division and look like number four.  
Brooklyn should head the second division, followed by the clubs as they finished last season, Cincinnati, Chicago and Philadelphia.  
Pat Moran's team is a problem. It has possibilities. It is a young team, however, and may lack stability. Chicago seems doomed to seventh and may find it troublesome to keep ahead of the Phillies.

## SPORT CORES

The tennis ball bounced off her head. The ball was all right. And then the guy who hit it claimed the ball had hit the net.

Cambridge is a slight favorite over the University of Pennsylvania team in the four-mile relay tomorrow at the Archibald Club grounds.

**NEW YORK**—Morich, sensational three-year-old, recorded a Man of War's successor, will start in the Kentucky derby.

Mile Suzanne Longdon is entered in the singles and doubles of the Cannes Club tennis tournament starting today. If she plays it will be the first time since she defeated to Mrs. Maltby in America last summer.

Pounding the ball furiously, the New York Giants swamped the White Sox 13 to 5.

Mamaux and Mitchell had the Yanks helpless and Brooklyn won the fourth straight game 5 to 0 at Norfolk, Va. Mays pitched two innings and then left for home.

His thumb caught in the bowling ball while he was in a rally. And when he heaved the ball, it was, too, went down the alley.

Hyde Park High, Chicago, won the inter-scholastic swimming meet in Chicago with 35 points. Other scores: Culver 34; East High, Cleveland, 18; N. W. High, Detroit, 10.

The Cubs out-hit Wichita and won the second game of the series from the Western League, 11 to 9.

The inter-collegiate baseball season in Ohio will be officially opened when Ohio State and Ohio Wesleyan meet in Columbus today.

Chuck Wiggles, the "Hoosier howitzer," and Ted Hick, Detroit, Mich., middleweights, meet in Columbus Monday night.

## PLAY RESUMED IN GOLF MEET

**PINEHURST, N. C.**—The eight contestants in the second round of the north and south amateur golf championship started play today at holes where they were forced to stop yesterday when a heavy rain made the sand putting greens unplayable. When they resumed today F. K. Robinson, of Rochester, led Donald Parson, of Youngstown, four up at the ninth; E. L. Strofield, of Pinehurst, was three up on Henry J. Topping of Greenwich at the eighth; W. C. Fowles, Jr., of Oatmont, two up on Harold Weber of Toledo at the eighth; and Arthur Yates of Rochester held a one stroke advantage over Mike Thomas of Nashville at the ninth.

## OHIO TEAM AMONG SURVIVORS

**CHICAGO**—Surviving teams in the inter-scholastic basketball tournament at Chicago University and the schedules for the third round today (Friday, 2 p. m., Atlanta, Ill., vs. Mount Vernon, Ohio; 4:15 p. m., Rockford, Ill., vs. Niagara, Mont.; 7:45 p. m., Lexington, Ky., vs. Dubuque, Ia.; 9 p. m., Nashville, Tenn., vs. Buckhannon, W. Va.).

## JACKSON WINS ON FOUL

**DAYTON**—Sam Langford, Boston, was all but knocked out in a terrific fight which was scheduled to go 12 rounds, but was ended at the end of the fifth frame when the referee, Captain Snyder of Camp Taylor, stopped the fight and awarded the decision to the Jackson of Washington, D. C., on a foul.  
The men had agreed to clean breaks, but Langford persisted in hitting when going out of a clinch.  
Langford was downed for a count of eight in the second and for a count of nine in the fourth rounds.

## 50 WILL TRY OUT

Fifty candidates for the R. S. Marshall Sporting Goods store baseball nine will try out Sunday at 1 p. m. at City park. The try-outs compose a nucleus which will result in one of the fastest semi-pro teams that ever represented this city, it is believed.

## BAXTER IN DRAW

**COSHOCTON**—Don Baxter, Lima bantamweight and Young Michael of Columbus, battled a ten-round draw in this city Thursday night. Neither had the slightest kind of a shade.

Kai Saug, who had a big season on the turf in 1921, is conceded more than a Chinaman's chance to win the Louisville derby.

Philadelphia baseball fans have an exciting season ahead. Both teams hope to get out of last place.

## GLADIATORS READY FOR RING FRAY

**P**RIGHT IS who will perform before a record boxing show clientele tonight at the National Hotel, stepped on the scales in the office of Dr. W. H. Ray in the Kibben building this afternoon, and all were up to snuff.

Final preparations for the 24-round exhibition have been made, and into the limelight tonight, there will be plenty of that, for if tonight's bouts do not set the fans agog, there will be ample proof that they are not susceptible to enthusiasm.

The main prize money of the evening will be collected tonight, at the close of the bouts, and the "big" and "small" bouts will be about as thick as mosquitoes around a sugar.

## YOUNG TENNIS STAR HAS HIS TROUBLES

**BY HENRY L. FARRELL**

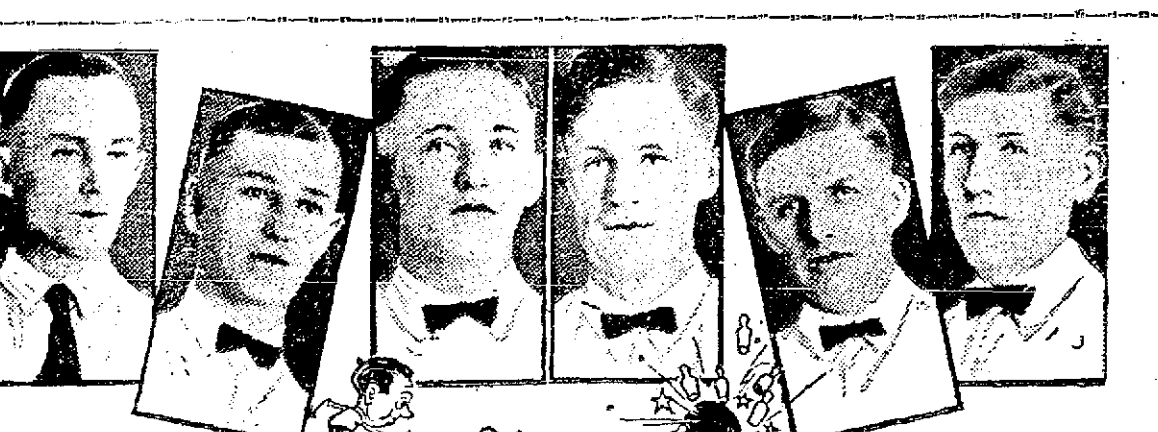

**N**EW YORK—Trouble is one of "Vinnie" Richards' closest associates. It has camped on his trail ever since he started the career that brought him the title of the boy wonder of the tennis court.

The youngster fought every kind of an obstacle to get recognition for his prowess. At last he overcame everything and seemed to have won his battle when he was ranked officially as the third best player in the United States last winter.

Officials of the Seventh Regiment Tennis club want the National association to "investigate" Richards, because he defaulted out of the national indoor championships and played in the middlestates championship at the same time.

Richards is not saying a word. He is so experienced at 17 in the ways of battling that he knows silence is the wisest weapon. However, "Big Bill" Tilden, the world's champion, who developed Richards, comes to the rescue of his former protegee with some terse words.

## WILL '22 BEAT '21?

**W**HAT will the season of 1922 produce in the way of unusual happenings?

No two ball games are the same. The action differs each day.

The season of 1921 was a record breaker in many respects. A great many records that have stood for years fell by the wayside.

Last year was the era of swat from a baseball standpoint. The Babe Ruth home-run germ was contagious. It spread to both major leagues and many of the minors.

The performance of Stuffy McInnis in playing 152 games at first base making only one error stands out as one of the greatest fielding feats of all time.

**McINNIS' PUTOUTS**  
McInnis accepted 1549 putouts and 103 assists. His single error was made in an unusual manner. It was on a throw from the catcher to get a runner napping at first. McInnis dropped the ball. It was figured by the scorers that he would have gotten his man had he held it. It was a case of drawing the line pretty fine.

Dixie Davis of the St. Louis Browns worked 41 1-3 innings without allowing a hit. In a 13-inning game against Washington Davis worked the last 9 1-3 innings of that game without allowing a hit. In his next time out he didn't allow a hit for five innings, making a total of 14 1-3 hitless innings.

**SMITH SETS NEW RECORD**  
Elmer Smith established a swat record that will probably stand a long time. He made seven consecutive extra base hits, four home runs being included in this orgy of swat, three of them successful.

Smith started with a double, then came three successive home runs, a base on balls, two doubles, and a home run before he was stopped.

It is needless to comment on Babe Ruth's 59 home runs, which smashed his own work of 54 made in 1920.

A star college athlete is in danger of being declared ineligible because he is too far advanced in his studies. Once again proving there are exceptions to every rule.

# MONEY PRINTING IDEA SCORED

Added Currency Won't Bring Prosperity, Forbes Asserts

## CITES INSTANCES AS PROOF

Governments Can't Create Wealth, Writer Declares

(BY B. O. FORBES)

NEW YORK (Special)—There's something extremely alluring about the idea of making money plentiful by simply printing more money. Henry Ford, Thomas Edison and some others who have attained great eminence in their own fields, have fallen victims of the delusion that prosperity can be insured by getting the money-printing presses to work overtime. This beautiful theory has captivated many minds, and those of us who have tried to explode the idea have drawn upon our heads many protests and scoldings and charges that we are hard-hearted sinners. In league with the bankers and capitalists and other "malefactors of great wealth" whose favorite sport is supposed to be grinding everybody else into poverty.

The sober truth is that governments don't and can't create a single dollar of wealth. If they create an unlimited quantity of money that was worth anything, why should they push their hat in below the nose of every citizen and demand that he contribute something for their support?

Russia adopted the theory that the more paper money printed by the government, the better off all the people would become. Today you and I and other American taxpayers have had to put our pockets and pay for the sending and distributing of grain to the starving millions of the once-proud Russian Empire.

Various other European countries adopted similar tactics, from necessity rather than choice, in most instances. The consequence is that those countries that poured out the greatest quantity of paper money are today the poorest off. The countries that are the best off today are those countries that adhered to the soundest possible banking and currency policies, the best examples being, of course, the United States and Great Britain.

A very impressive illustration of what the inordinate increases of paper money in Germany has inflicted upon the German people has just been furnished for readers of this column by an American international banker who was based in Germany and most of whose family still exist there. In course of a strong plea for such readjustment of reparations payments as would save Germany from sinking into utter demoralization and disaster, he presents these easily-understood facts:

According to the Versailles Treaty, reparations are calculated in gold marks, intrinsically worth 24 cents of American money. Before the depreciation of the gold mark there existed in Germany wealth consisting in large measure of the following investments:

- Savings bank deposits;
- Bank deposits;
- Bank notes;
- Life insurance; bonds of the German government;
- Bonds of the various Kingdoms, Dukedoms and Grand dukedoms, Principalities and the Free Cities;
- Bonds of other cities;
- Bonds of industrial concerns;
- Bonds of mortgage banks;
- Bonds issued for various improvements, etc.

All these investments were, of course, issued in gold marks, but they have now depreciated to one-tenth of their former value.

To quote an example: A fairly well-to-do person having his savings of say 20,000 marks, invested in one of the above securities, formerly worth about \$5,000 would today be able to realize only \$625.00 in real money. A person having say \$2,000 (or \$800 marks) would be worth today only \$25. in real money.

If we assume that of the 60,000,000 Germans there were about 9,000,000 (heads of families, bachelors, etc.) each possessing an average capital of 10,000 gold marks before 1918, we arrive at savings in cash and banks of 200,000,000,000 marks. At today's exchange rate these same investments would be worth \$600,000,000 in real money. To that extent has the impoverishment of the German investor proceeded.

If the paper mark should be wiped out, it would mean the wiping out of the bulk of some investors, the backbone of the German people, and could spell disaster, both social and economic, which neither the Allies nor America nor the rest of the world can countenance with equanimity.

The simple question is, What will be the civilized world do to prevent a second Russia? Will it not pay to show the German people, to heal their wounds, return to a certain degree of prosperity, so that they will be able to pay in course of time? To loan money to a drowning nation would be folly. What they need is a life belt.

What the world needs is not more but fewer impetuous countries. That would be the sense of our rising crops of grains and cotton if we could not sell them, but have to donate them as we have had to do in the case of Russia and other countries.

NEW YORK—There was no letup to the broad dealings of the preceding sessions of the week at the active opening of today's stock market and the trend of prices again was upward. The only notable exception was Allied Chemical which made an initial decline of 2 1/4 points. Interest in the rails especially coaled, was on the increase. Reading and Lehigh Valley displaying marked strength, while Baltimore and Ohio and Pittsburgh and West Virginia made moderate gains. Active developments in the local traction situation resulted in a gain of 4 1/4 points for Manhattan Elevated and 1 1/2 for Interborough Consolidated preferred.

Studebaker was among the prominent stocks to show the early effects of realizing sales, falling 2 1/4 points. Chandler, General Electric, Mexican Petroleum and United Fruit also reacted 2 to 2 1/2 points. The demand for rails expanded during the morning. Reading, Lehigh Valley and Norfolk and Western rising 1 to 2 1/4 points to new high prices for the year. Canadian Pacific, Atchafalpa, Rock Island and New Orleans, Texas and Mexico also strengthened. Gulf States featured the independent steels, rising five points and Otis, Stoss-Sheffield and Great Northern Ore made noteworthy gains.

All the local tractions continued to reflect the more favorable situation and Interborough Rapid Transit 5's gained 3 3/4 points. Call money opened at 4 1/2 per cent.

Another active day in the stock market was featured by profit-taking which caused occasional reversals among favorite issues, chiefly motors and oils. Sales approximated 1,500,000 shares.

The closing was strong.

# WHEAT SLIGHTLY ON UPGRADE

Prices Advanced by Firmness at Liverpool

CHICAGO—Moderate upturns early in wheat prices here resulted today from comparative firmness of quotations at Liverpool. Talk was current, too, that rallies were to be expected after recent heavy liquidation sales and the accompanying decline of values. Another factor which tended to make offerings light was uncertainty over the government crop report due this afternoon. The opening, which varied from unchanged figures to 5-8 higher with May \$1.30 1/2 to 1.30 7/8 and July \$1.19 to 1.19 1/4, was followed by an advance all around to well above yesterday's finish.

Corn and oats sympathized with the action of the wheat market. After opening unchanged to 3-8 higher, July 62 1/8 to 62 1/4, corn scored slight general gains.

Oats started unchanged to 1-8 off, July 39 1/4 and then went upward with other cereals.

Provisions were a little lower in the absence of any special demand. Wheat prices closed unsettled 1-4 to 3-4 net higher with May \$1.30 3/4 to \$1.30 7/8 and July \$1.19 1/4 to \$1.19 3/8.

The corn close was unsettled at the same as yesterday's finish to 38 higher; July 62 1/8.

**Five Youths Hacked With Axe in Kansas**

**FATHER IS FOUND DEAD**

**Dies at Neighbor's Two Days After Attack on Sons**

CONCORDIA, Kansas — (Associated Press) — L. H. Tremblay, a farmer living near St. Joseph, this county, five of whose sons were hacked with an axe early Tuesday, resulting in the death of one of them and the probable fatal injury of three others, was found dead at the home of a neighbor early today where he had been staying since discovery of the crime. No trace of poison was found about the body.

A coroner's investigation has been ordered. Experts from the state prison last night put Tremblay thru a severe grilling in connection with the crime.

Officers expressed the opinion that Tremblay committed suicide by taking poison. Tremblay when questioned at length last night by a finger print expert, grew suddenly ill.

**SON'S HEADS BATTERED**  
Early last Wednesday night neighbors attracted to the Tremblay farm by the burning house and barn, found the body of Theodore Tremblay, 19-year-old son of L. J. Tremblay, partly consumed by flames and with the head crushed. Four other sons, Albert, 14, Francis, 12, Alfonso, 10 and Cleo 8, were carried from the house, all suffering from blows on their heads. The father was found on the porch, his feet bound with wire and suffering from a slight scalp wound.

Examination disclosed that all had been attacked with an axe. Later, according to officers, the bloody weapon was found in the kitchen of the home and declared to have been part of the household equipment.

**FINANCES PROBED**  
Theodore had been killed, it is thought, in an attack from the rear. His skull had been crushed at the base of the brain. A fifth son, Philip, 16, who was employed at another farm, five miles away, established his alibi that he had been at his place of employment the night the crimes were committed and was released. A little daughter who had spent the night with a married sister some distance away was the only other member of the family to escape injury. The mother died several years ago.

After rekindling consciousness the following day Tremblay told officers he had no idea who committed the crime, as he could recall no enemies. The authorities yesterday began to delve into the financial affairs of the father, especially those of the father who was a trustee of Shirley-tp. It was ascertained that a \$4,000 mortgage on the Tremblay farm held by a Beatrice, Nebraska, firm became due June 21, last, and had not been paid off. Theodore, it was found, carried life insurance amounting to \$5,000. The sheriff yesterday took charge of the clothes worn by the father the night of the attacks and killing.

No hope is held out by attending physicians for Albert and Francis. Alonzo and Cleo, they say, may recover.

**MORROW SWORN IN AS DISTRICT ATTORNEY**

CINCINNATI — Thomas H. Morrow, assistant United States district attorney, took the oath of office as acting United States district attorney today. The oath was administered by United States District Judge Peck, who, together with Judge Sater of Columbus, selected him to fill the office vacated by James R. Clark until a successor to the office is appointed by President Harding.

Resolutions were adopted last night by the Lawyers' Club of Cincinnati condemning the "frances of Attorney Edward J. Reilly, counsel for Miss Olivia Stone, former Cincinnati nurse, against former United States District Attorney Clark. The resolutions declared that the attack was "unfounded, unwarranted and without foundation."

Martin Curry, 38, also of Columbus, was held with Mrs. Knox. "I don't want to go with Curry," Mrs. Knox said, hugging her seven-month-old child which she took with her. "He pursued me for months and threatened to kill me if I didn't run off with him. I hope my husband will let me explain." Curry denied he forced Mrs. Knox to desert her husband.

MUTT AND JEFF—THERE ARE A LOT OF US IN THE SAME BOAT—

BRINGING UP FATHER—

SHORT SHAVINGS

Otis Lippincott, attorney, observing the cashier's desk in his favorite restaurant had been moved, said, "Look at the change!"

At that an old gentleman who had been counting his money began to look at the floor to see if he had dropped any.

Dr. Aldo V. Sibert, moved to protest against the heat of the towel the barber put on his face, yelled "That's hot!" You bet it is," agreed the barber. "It was so hot I couldn't hold it any longer."

E. W. Nunnally, contractor, who

carries five kinds of insurance, roared out in a skiff on Indian Lake for exercise one day.

"What I regret," he says, "is that I didn't have any insurance against the skiff turning over and leaving me standing knee-deep in the pond."

Jack Horner, grocery clerk, undertook to start the week right by getting to work before daylight. "I got even more credit than I had anticipated," he says. "When the others arrived they thought I had worked all night."

Dr. E. H. Hedges, 220 N. Cole-st., was awakened at 1 a. m. by persistent hammering on his front door. "I thought it must be an em-

ergency case," Doc said. "And it was. I left my auto parked in the street, headed in the wrong direction. The limb of the law made me turn it around."

**Yeast users: This new pure yeast does not cause gas!**

Yeast users troubled by weak, disordered or delicate stomachs will find gratifying relief in Yeast Foam Tablets. They have all the tonic value of baking yeast—and this great advantage: *They do not cause gas or belching.*

"I can't eat yeast; it upsets my stomach."  
"I'd like to be able to eat yeast, for I know how much it would help me, but I simply cannot eat it."

"It upsets my stomach, fills me up with gas and causes me terrible distress!"  
How often we have all heard those familiar words!

Especially from people who have weak stomachs and chronic indigestion.

**Baking yeast does cause gas**

The fact of the matter is, of course, that the common baking yeast *does* cause fermentation.

If it didn't it wouldn't be baking yeast, because the chief purpose of baking yeast is to generate gas so that the bread will be full of "gas holes" and therefore light and fluffy.

**This new yeast doesn't cause gas**

For those thousands of people who would eat yeast for its splendid health-building properties—if they only could—we have good news!

Yeast Foam Tablets do not cause gas. And this further news: that these tablets are pure whole yeast and that they have all the therapeutic and tonic properties of baking yeast.

**High vitamin content in small dose**

Yeast Foam Tablets contain no drugs or other ingredients.

They are from 4 to 5 times as concentrated as the ordinary baking yeast which insures the necessary vitamin potency in a much smaller dose.

Every lot of Yeast Foam Tablets is carefully tested and proved to possess a high and uniform vitamin power.

**What to take Yeast Foam Tablets for**

At the first signs of vitamin deficiency—loss of appetite; indigestion; loss of weight and physical endurance; anaemia; unhealthy skin; constipation; nervousness, etc.—get a bottle of Yeast Foam Tablets from your druggist and take them regularly for a few weeks.

You will be agreeably surprised at their prompt and notably tonic effect on the whole body.

**Made by makers of Yeast Foam**

Yeast Foam Tablets are made and guaranteed, both as to purity and vitamin content, by the Northwestern Yeast Company—the world's largest manufacturers of dry yeast and the makers for 45 years of the famous baking yeasts, Yeast Foam and Magic Yeast.

They are sold by druggists everywhere.

**Avoid untested "vitamin products"**

The great popularity of yeast and its remarkable health-building properties have been seized by patent medicine manufacturers, many of whose products are untested and do not possess enough yeast to have sufficient vitamin potency.

When taking yeast, be sure to get it in its purest and most potent form.

**To the medical profession**

Yeast Foam Tablets meet your requirements; they are what you've been looking for; they have all the tonic properties of baking yeast—and this big outstanding advantage: *they do not cause fermentation.*

Northwestern Yeast Company, Chicago  
Makers of the famous baking yeasts, Yeast Foam and Magic Yeast

**Extraordinary advantages of Yeast Foam Tablets**

The only pure, whole yeast in easy-to-take tablet form.

They contain no drugs or other ingredients.

They do not form gas nor cause belching.

They are the only pure, whole yeast suitable for children; they do not cause fermentation.

Each lot is tested to insure high and uniform vitamin potency.
